### 104 Immunizations Made in August

**203 Tuberculin Tests Are Given, With Positive Reactions for 27**

The August report for the Marion county department of health shows that 54 immunizations for smallpox and 50 for diphtheria have been made during the past month and 231 clinic visits were made in connection with venereal disease control. Tuberculin tests also numbered high during the month with 202 given and out of that number there were 27 positive reactions.

Total births for the month numbered 151 as compared to 11 for July. Deaths were low with only 56 for August. There was only one infant death in Salem for the month. During August there were nine cancer deaths, 13 from heart disease, four from diabetes and one from automobile accidents.

The communicable disease report showed seven cases of diphtheria for the first eight months of 1940. This is unusually high as there were only 12 cases in the five year period preceding. However, between 1920 and 1924 there were 600 cases of diphtheria resulting in 50 deaths. Since immunizations for the disease have been given at the health department since the start of August a decidedly decreased. Parents are urged to have their children immunized, especially before starting to school.

In July there was only one case of gonorrhoea as against 12 for August. Three new syphilis cases were reported in July but in August 16 cases were found. This does not mean an increase in venereal disease, but better case finding, it was stated.

Berlin claimed its guns chased royal air force planes away after a 90-minute raid. The Germans also claimed that their warplanes bombed Liverpool (2) as well as the Woolwich arsenal and power station at Beckton and that another plane was shot down over the Thames Estuary (3). German big guns thundered across the channel (4). British coastal batteries replied. The British asserted their planes flew across and bombed the German guns into silence. Prime Minister Churchill described concentration of German boats along the channel for an attempted invasion and said that British naval craft had gone out and shelled them (5). The RAF bombed Hamburg and Bremen (6).**
