

Leading Stock Tilts Forward

Plus Signs in Majority at Close; Steel and Motors Again Finish up

NEW YORK, Sept. 16—(AP)—Leading stocks tilted forward in today's market as traders took a more optimistic view of the war and domestic business prospects. While late profit taking trimmed early gains for steels, motors, rails and specialties ranging to a point or more, plus signs were well in the majority at the close.

The principal fly in the market ointment was the slackness of dealings throughout. At that, the turnover of 252,810 shares compared with 248,180 last Friday. The volume was aided by two blocks of 10,000 shares and one of 5000 for Graham-Paige at 50 cents a share, unchanged from Saturday.

The Associated Press average of 60 issues retained a net advance of .40 of a point at 43.5, best day's performance since September 8.

In front at the finish were US Steel, Bethlehem, General Motors, Chrysler, Santa Fe, NY Central, Great Northern, Westinghouse, Dow Chemical, Du Pont, Union Carbide, Allied Chemical, Eastman Kodak, United Aircraft, Sperry, Glenn Martin, Montgomery Ward, Kennecott, North American and American Smelting.

Wheat Takes Jump On Chicago Mart

Close of Day Sees Half of Gain Dwindle; Corn Also Declines One Cent

CHICAGO, Sept. 16—(AP)—Influence easily by relatively small orders, wheat prices rose a cent or more a bushel at one stage today in sympathy with strength in securities but then lost about half of the gain.

Scattered purchases came through dealers who derived some cheer from war news while buying also was credited to mills and to the federal crop insurance agency, which has been investing premiums in small quantities of wheat almost daily in recent weeks. Late weakness was associated with a decline of around a cent in corn blamed on favorable weather and liberal receipts with approach of harvest.

Wheat closed 1/2-cent higher than Saturday, September 7 1/2, December 7 1/2-3/4.

Drilling Stopped By Power Company

LEBANON—Drilling for a better water supply has been postponed by the Mountain States Power company. The two test wells started last spring did not give good results while the Sloper well drilling outfit worked there this week.

At about 70 feet a peculiar clay was struck and no water. Sixteen-inch casings were put down about 120 feet when the Sloper well drilling outfit worked there this week.

Today's Garden

(Continued From Page 4) covered with a film of kerosene. Cultivation about the garden will destroy the bug's breeding places and will help keep them under control. F.T.—Take out the diseased foliage plants. They are best treated as biennials anyway. In spring just as soon as you notice the spots appearing on the leaves spray with Bordeaux.

D.P.—Yes, hyacinths are subject to a number of diseases and pests. Four or five different bacterial diseases will attack the bulb and there are flies and grubs which must also be fought. If you are in search, as you say, of some garden plant or bulb which is not subject to disease or pests, I fear you are headed for disappointment. There doesn't seem to be anything that is perfectly immune.

Filbert Run Is Slated to Start

The run of local filberts is scheduled to begin next Thursday according to reports received from the Salem nut growers cooperative. It is expected that the local run will be large and that it will last for a month.

Prices FOB Portland are quoted ranging from 14 to 18 1/2 cents per pound according to grade. The grades are baby, fancy, large and jumbo.

Reports are that the 1940 English walnut crop looks good and the run is expected to begin about October 1. As yet, no price has been opened on the walnut market.
