Describing an interview with the president, Thatcher wrote:

"He seriously discussed, at great length, how Mr. Wallace was chosen for vice-president through a process of elimination and, in all of that analysis, it was evident to me that he is deeply conscious that he may not live or it may be necessary for him to resign if he is re-elected. .

'I am positive that if he is re-elected and the war situation gives him an opportunity to get out, he will resign. Wood looked the list over and found to his amazement it contained all industrial products in which he has a personal hobbyinterest, certain goods produced in southern factories he personally promoted.

His interest aroused, Wood talked among business colleagues and soon discovered German com-mercial agents had approached many outstanding manufacturers with similar lists exhibiting an intimate knowledge of their perinterests.

The lists are now in the waste baskets or the FBI files.

All seams and cracks in the republican household have now been mended. A complete policy agreement has been effected in between both ends of the ticket. Willkie's cheap power speech in McNary's home state of Oregon poured the last cement into that fissure.

The satisfactory working ar-rangement that has now been made will send the vice-presidential candidate upon a ten day foray into the farm belt to sell his kind of a farm program. Mc-Nary will also carry the Willkie torch into New England and finally to the Pacific coast just before election day. The republican campaign is getting stream-

Watch for the young republican senator, Henry Cabot Lodge, to join the Willkie campaign train. It will be more than a social event. Lodge will act as advising emissary from the republican bloc in congress which was none too pleased in the beginning with the internationalist tone of the Willkie

Koseburg Crashes Injurious to Six

ROSEBURG, Sept. 25-(AP)-Four automobile crash injuries sent six persons to a hospital here for treatment last night.

The injured were Mrs. Arthur Krebs, Rushlake, Wis.; Mrs. E. R. Payne, Coburg, Ore., and Clarissa Mabley, June Goetz, Le Roy Bryson and Janes Ambrose, all of Roseburg.

State police reports indicated Ambrose's automobile struck and overturned the one occupied by Mrs. Krebs, then careened on down the Pacific highway, striking and overturning a light coupe and sideswiping a third car.
