Sport Sparks

By RON GEMMELL

H. Hauk, pigskin professor at the Vik villa, early this week called together his class, each member of which had washed his ears until they shone and had combed his hair meticulously. Prof. Hauk addressed the assembly:

"Gentlemen, your appearance is most pleasing. You look splendid. I think I shall be able to give each of you an A in deportment without my con-

science bothering me the least. You are a credit to the school There is something I want you to do this week, if you will, please. As you know, we have a social engagement with the Milwaukie Maroons this Friday night. They happen to be the same Milwaukie Maroons who last year were most unhospitable to us. One of those coincidences,

"Now, then, here is what I wish each and every one of you gentlemen to do: I want you to become accustomed to seeing any of the colors normally seen when the portion of the physical spectrum of the longest wave lengths capable of evoking visual sensation is em-

'Yes, sir," chorused the class in well modulated voices, but with each voice precisely enunciating each syllable.

They've Been Looking.

As interpreted by Webster, maroon. The scholarly manner in clean bill of health from the conwhich he put his request, togethor with the gentlemanly way it was received by the class is significant of the high plane to which football has risen. Instead of appealing to the

animal in his boys, as would have your coach and mine, Prof. Hauk appealed to their intellects. His response, that polite "yes, sir," must have

been wholly gratifying. The response given in practice sessions not only must be gratifying, but it of a certainty bids no good for the Milwaukie Margons. The Viks, to a man, have been traipsing up and down Olinger field all week with their eyes in Bearch of but one thing:

Any of the colors normally seen when the portion of the physical spectrum of the longest wave lengths capable of evoking visual sensation is employed as a

They intend to keep looking throughout Friday night, and if the Milwaukies don't change from their usual maroom jersies to something else, you can rest pretty well assured that the awful 33-0 beating of last year will be neatly avenged. They haven't been looking for red all week for nothing.

'Fearless' 40 Gives Em Nod

Lone Expert Chooses UO, but 39 Say UW; UCLA Isn't Considered

By RUSSELL NEWLAND SAN FRANCISCO, Oct. 9-(A)-Forty fearless football experts team up this week in an Associated Press poll to pick Washington over Oregon, Santa Clara over Stanford and Washington State college over California.

This selective method guarantees peace of mind to the participants-in most cases. Dissenting readers are forced to aim blindly if they choose to fire letters disagreeing with the picks.

Washington, popular favorite to win the Pacific Coast conference championship and the Rose Bowl bid, was named by 39 writers to win from Oregon Saturday. This resulted in the automatic election of Art Rosenbaum of San Francisco as captain of the press box

A Lone Dissenter Rosenbaum was the lone "I pick Oregon" man and no doubt will be favored with a letter of thanks from Coach Tex Oliver for the psychological lift. All hands agree it was a shifty move, inasmuch as being one out of 40 to pick the winner merits distinction whereas being one of 40 to name the right team is comparable to another letter in a bowl of alphabet soup.

In case Washington rooters should be inclined to look upon this game as a pushover, however, they are advised to consult the scout reports of the contest last week in which Oregon lost to Stanford, 13-0.

During parts of the game, Oregon poured through the Stanford line like it wasn't there. An unfortunate fumble by Left Half John Berry on Stanford's nine-yard line probably cost Oregon a touchdown in the first period. Coach Clark Shaughnessy agrees a score by Oregon at that time might have resulted in a different

Oregon's ground power is undenied and it did not throw a pass against Stanford.

Broncos Get Nod Although Stanford has two victories and is unscored upon to date. Santa Clara is a 26 to 14 selection to win. The poll is highly satisfactory to Coach Shaughnessy and not so the Santa Clara boss, Lawrence Timothy "Buck" Shaw. The two have sparred for days for the position of short-ender. gory with Stanford as the only less emphasis on competitive varmajor teams in the west unde- sity games with other schools.

NEW YORK, Oct. 9 .- (AP) - The best thing that could have happened to baseball was the victory of the Cincinnati Reds in the world series. They made a "National league vear" out of 1940 and restored the great American game to the competitive system. Even the American leaguers admit privately that the old one-sidedness was getting unhealthy. It was a victory for the time-

tested standards of baseballthat pitching is 70 per cent of the game and that smartness is as good as strength. In retrospect the series was so full of drama, joy and pathos that it might well have been a piece of

Reds and Tigers would win their pennants in 1940. The Tigers had just finished fifth in the American league and the Reds had been wrecked by the all-conquering team ever recovered from the shock of being steam-rollered in four straight by the Yanks. Reorganizes Redlegs

Yet out of this bottomless pit into which the National league had fallen came a courageous combination from the smallest city in the major league to overthrow the "superior beings" who inhabited their rival territory.

The whole Cincinnati organization is an efficient unit, but most of the credit, of course, goes to and Tilton, ends; Gearlough and may start Chuck Domogalla, who wily Will McKechnie, who also Crippen, tackles; Brisbane and guided two National league all- Lorence, guards; Winegar, cen-Pacific College star collections to triumph over ter; the American league this year— and Williams, halfbacks; and first in Florida last March and again in St. Louis in July.
