Walpaper in Hall Gives Style

The stair hall has decorative possibilities of its own and, if the wallpaper used in it is different from that of the adjoining room, the contrast obtained can be both brilliant and charming.

When the stairway goes directly upward from the living room, the stair wall may be decorated with a unitized wallpaper of one pattern and the remaining three walls of the living room with another.

A six-piece band, which appeared before the performance and which was greeted with much amusement by the audience, will again appear to add to the evening's fun.

Melt butter and brown meat in it slightly. Add flour and blend well. Pour soup in and cook until thick. Add hard cooked egg whites, sliced, and heat just long enough to heat eggs through. Salt and pepper to taste. Serve on hot biscuit straws and sprinkle with the egg yolks which have been put through a sieve. Garnish with watercress. To make the straws—Roll biscuit dough 1/4 inch thick and cut into strips that are about 1/4 inch wide. Bake in a hot oven (475 degrees) from 5 to 6 minutes. Serve piping hot.

PRALINE COOKIES 2 tablespoons butter 1/4 can Eagle Brand sweetened condensed milk, caramelized 1 egg, well beaten 1/2 cup sifted flour 1 cup pecans, coarsely chopped 1/2 teaspoon maple flavoring (optional) Cream butter. Add caramelized sweetened condensed milk, which has stood at room temperature until softened, egg, and flour. Blend thoroughly. Add pecans and maple flavoring, if desired. Drop by spoonfuls on greased baking sheet (several inches apart, as these spread greatly in baking). Let stand a few minutes to spread. Bake in moderate oven (350 degrees) about 17 minutes or until a delicate brown.

Remove from pan at once. Place on wire cake rack to become crisp. To caramelize milk, place one or more unopened cans in a kettle of boiling water. Keep at boiling point 3 hours. Caution! Be sure to keep can covered with water. Allow to cool. To remove from can—warm can by immersing in hot water about 1 minute. Punch hole in bottom of can. Remove top with can opener, cutting along side, just below top edge, starting at seam. Loosen caramel from sides of can with knife or small spatula, dipped in hot water.

and what they are doing. . . A class in first aid is being given members of the woman's auxiliary to the San Francisco Medical society. The classes will be held once a week. A great number of women past 50 in large cities spend days sitting in waiting rooms in department stores and hotels—just sitting and looking. These women past 50 have no jobs, no family and nowhere to go, and their small bedrooms are too lonely to bear all day. Three years ago a group of New York matrons became interested in these women over 50 and organized the "L" club, where 700 women come each month to read and sew and chat during the hours from 10 to 6. The club was organized in 1933 by Mrs. Walter Sedgewick of the City Federation Hotel Center, Mrs. William T. Payne of the Welfare Council and Mrs. Major Harold Smith of the Salvation Army. They found enough furniture to fit a room, paid a year's rent and invited their guests. Most of the women who sit in the big ivory painted loft over a laundry have good backgrounds. They are widows of doctors, preachers and other professional men, some are ex-actresses, others business executives. Some are on relief and they pay no dues, are asked no questions and may stay as long as they like. The club is supported by contributions. Women's clubs as never before have this year included on the regular programs unbiased talks on various issues to be voted upon at the election. This shows that women are really becoming interested in issues of the day, actually voting their own way rather than that of their husbands. They will be more interested this year in going to the polls, because of the added knowledge.
