# **Gold Standard Is Discussed by Erb Managed Currency Gaining**

Favor; Arguments on **Both Sides Cited** 

Willingness to retain a "managed currency" rather than return to the gold standard even when that becomes possible, is the apparent trend of recent qualified thought on the subject, though there are weighty arguments on both sides, Dr. Donald M. Erb, president of the University of Oregon, asserted in discussing "Gold" at the Salem chamber of commerce luncheon on Monday.

Dr. Erb pointed out that the

students broke into a serpentine and car rally that wound over the campus. Dancing followed through the rest of the day in banner-bedecked McArthur court. .The gridiron win was Oregon's ner in national 4H competition in first in five years over Oregon meat animal production, Wayne State, but students gained nearly as much pleasure from the goal posts.

Rebuffed in a fight for the posts after the game Saturday, the Webfoots turned to wile. One group was arrested, but another disguised its members in orange and black caps of Oregon State,

and told guards on the football field they were sent to help keep watch. The guards thanked them and

sent them to the opposite end of the field. There they yanked up the posts and escaped in the for.
