Volume Picks up in Final Hour of Trading; Steel Leads Advance

NEW YORK, Jan. 3-(AP)-Stocks, loafing at slightly higher levels during the greater part of today's market, hit a last-minute rallying stride behind steels and motors that boosted prices for favorites to more than 2 points.

Volume picked up slightly in the final hour but it still was far from heavy. The revival in the automotive and metal groups stiffened prices in other departments although many pivotal stocks advanced only small frac-tions and a wide assortment were at a standstill,

The Associated Press average of 60 issues emerged with a net gain of .4 of a point, equalling the upturn of Monday and more than wiping out yesterday's decline of .2. Transfers totaled \$06,050 shares compared with 527,470 the day before.

Bethlehem Steel gained 2% points, US Steel 2%, General Motors and Chrysler 21/2 each, US Industrial Alcohol 2% and Union Pacific 21/4. Savage Arms jumped 31/2 to a new top for the past year and Universal Pictures tacked on to its recent sharp upturn.

Modest improvement was shown for US Rubber, Studebaker, electric Boat, NY Shipbuilding, Santa We, Great Northern, Paramount Pictures, Sears Roebuck, United Aircraft, Anaconda and American Telephone.

Backward were Du Pont, Westinghouse, Eastman Kodak, JC Penney, US Gypsum and Public Service of NJ.

Phosphate Ready For Distribution

Two hundred and fifty tons of 20 per cent superphosphate were received Friday for distribution to farmers of Marion county, Bert Caster, assistant secretary of the agricultural conservation program, reports.

Two hundred tons of the phosphate are in storage locally at the Ivan Stewart warehouse and 50 tons are in storage at the Feed and Supply warehouse in Woodburn.

The superphosphate will be distributed during the next two months to farmers of the county complying under the agricultural conservation farm program, Cas-

Applications must be obtained at the county agent's office.

1000 Hop Bales Sold, Portland

PORTLAND, Jan. 3-(AP)-The agricultural marketing service said today that approximately 1000 bales of 1940 hops were sold by Oregon growers in the week ending December 31. Seeded type clusters brought

from 23 to 25 cents a pound, net to growers. Included in the sales were some seedless types from the 1940 crop at 32 cents a pound. Dealers reported bidding around 25 cents a pound for regular seeded types of the 1941 crop for future delivery, and 30 to 31 cents for seedless types.
