WE NOTICE THAT ..

. Bert Welch plans on serving breakfast to the Coca Cola men's team on Friday mornings . . and that the boys are now calling Van Welder "Triple-chin" . . that Pat Thompson moans constantly, incessantly and all the time . . that George Cherrington with 116 feels that life has little left to offer ... and that "Flash" Hartwell never misses a frame-checking up on the scorekeeper . . that Tony Masser, after buying a new ball, has decided to stick with the game at least another week . . and that Walt Cline sr. the 4-7-6.. that Erma "Bucky" Cook is leaving for the south but will be back when the baseball season opens and that they are going to revoke Bud Hart's sea-going pilots license . . that all scorekeepers are hereby warned that Kay Mc-Carroll wants full credit for all splits . . and that Don Young never moans when the pins won't fall for him . . that Poulin and Cline say that certain young upstarts should "get a reputation" before tossing challenges around so promiseously . . and did you ever notice the smug, satisfied look on Clem Kertson's face when he gets a strike, that "Brass Duck" Evans was promoted to the majors .. and that Fred Sullivan, a right-handed bowler who tosses them left-handed, stopped off at Santa Anita on his vacation south and made enough to pay all expeses . . that Pratt with ten and Poulin with nine are suffering from "split-itis" . . and that with twenty two bowlers under 500. the Major league looked quite 'bushy' . . that Perry with 111 has just about scraped bottom . . and that Trula Short threatens dire consequences if her name is ever mentioned in this column; OK Truella, we never will.
