

Card License Objected

Lebanon Pastors Hit Billiard Parlor Petition

LEBANON—At the last council meeting Rev. Lawrence Bixler, president of the ministerial association presented a remonstrance against the proposed licensing of card rooms, signed by 353 people. A petition favoring such licensing, was signed by 363. It was decided that the matter should be put up to the people at the next regular election.

Evans Products company asked for fire protection and Fire Chief Elmer Fitzgerald was instructed to find out from the fire marshal what arrangements might be best. As city limits on the east are not marked, the city engineer was instructed to establish the boundary where the mill property adjoins the town. Milton street, it was agreed, should be opened, and the matter of opening a street to the sawmill site was discussed.

A petition for opening of a sewer on Cleveland between East Grant and Oak streets was granted and the public property committee was authorized to lease lots on Third street for the loading of logs.

LEBANON—All who want work at the plywood mill should register again. The old lists became so out of date that all registrations made before February 15 have been destroyed. Many of the first applicants have been employed at the mill or elsewhere that it became a problem to locate men for the jobs as they opened up. All hiring is done through the state employment office.
