

Senate Passes Dairy Products Advertising, Promotion Bill, Kills Firemen's Pensions

Jones Measure Would Create Board, Levies Tax on Butterfat One Month Each Year; Defense Protective Act Passes

Recommended by the senate agricultural committee, Rep. H. R. "Farmer" ones' bill to authorize the Oregon dairy industry to advertise its products through a self-imposed tax was passed by the upper house Tuesday.

The bill creates an Oregon Dairy Products commission and levies a tax of one-half cent a pound on all butterfat produced in the state during the month of June, 1941, and during May in succeeding years. Estimated to produce \$28,000 a year, the tax would be spent for advertising and sales promotion.

Warns of Diversion
Hearkening to Sen. Walter E. Pearson's warning that it involved a roundabout diversion from the state general fund for the state's share, the Oregon senate defeated 16 to 13 the firemen's pension bill which originated in the house.

Pearson also charged that the bill was primarily for the benefit of firemen in the large cities and that volunteer firemen were included as a ruse.

Gen. Harry Kenin, Thomas R. Mahoney and Coe McKenna, all of Multnomah county, spoke in favor of the bill.

The senate approved a bill by the military affairs committee authorizing the governor to establish protective districts in connection with the national defense program.

Photographing, sketching or mapping of defense works within these districts would be prohibited.

Measure Rereferred
The controversial cosmetic therapy measure, slated for final consideration in the senate Tuesday, was rereferred to the medicine, pharmacy and dentistry committee.

Congressional legislation providing for construction of the proposed Umattilla dam on the Columbia river and an appropriation to cover construction costs, was urged in a memorial approved by the senate.

Attorneys Urge Sprague to Sign Pro Tem Measure

A delegation of Portland attorneys, headed by Irvin Rand, came to Salem Tuesday and urged Governor Charles A. Sprague to sign a bill providing for the appointment of circuit judges pro tem by presiding and senior circuit judges.

The conference also was attended by Sen. Ashby Dickson, (D-Mult.) who presented an opinion of the attorney general indicating that the measure is unconstitutional. The measure was introduced by Representative Leo Smith in the house.

Rand said he doubted whether the Smith measure is unconstitutional. "It is my opinion that the attorney general overlooked certain important provisions of the Smith bill," Rand declared.

Rites Set for Woman Doctor

Funeral services for Dr. S. A. Davis Bean, Salem physician since 1890, will be Thursday at 1:30 p.m. from the W. T. Rigdon chapel. Rev. Frank Culver and Dr. J. C. Harrison will officiate. Burial will be in City View cemetery.

Dr. Bean died Monday night at her home, 595 Center street. She was a sister of Mrs. U. G. Boyer and sister-in-law of Henry Klopping, both of Salem.

Sprague Signs More Measures

FLOYD L. SIEGMUND

Army 'Invades' Water Board

Salem Commissioner Gets Orders; Was in Uniform in 1918

Floyd L. Siegmund, newly elected member of the Salem water commission and a mechanical drawing instructor at Salem senior high school since January, 1924, received orders Tuesday to report for army duty as a reserve officer on Thursday. He will enter the active service at Spokane, probably to engage in administrative work with the air corps.

Siegmund was in uniform for 61 days during the World War. Before taking the position at Salem high school he was employed by the county surveyor's office and the state highway department. He was elected to the water board last spring and took office January 1.

Salem Lawyer Suspended

M. Clifford Moynihan, Salem attorney, was suspended from practice of the law for three years by action of the state supreme court on Tuesday.

Moynihan was accused of signing a false affidavit with intent to deceive the Marion county circuit court.

The supreme court dismissed the damage suit of Samuel M. Bunnell vs. Kenneth W. Parelius, Oswego garage operator, for personal injuries in an automobile accident. Parelius' defense was that the driver responsible, Kenneth Brown, had taken another person's automobile from his garage without permission. The decision Judge Alfred P. Dobson of the Clackamas county circuit court.

The house indefinitely postponed 34 to 22 a bill to make lumber and slabwood warehouse receipts subject to labor liens.

Garbage Dumping Reward Planned

A suggestion that Marion county pay \$10 for information leading to the arrest of individuals throwing garbage or other rubbish on private property along county roads, or along road rights of way, was referred Monday to the district attorney for his opinion of its legality by the Marion county court.

The court was informed by County Judge Hewlett, that George Grabenhorst, local realtor, had made the original suggestion because of increased prevalence of indiscriminate garbage dumping along county roads.

Members of the court expressed themselves as favorable to the action. The county has previously found it necessary to send road crews to clean up unsightly accumulations of trash and garbage at extra expense to the county road fund.

House Refuses Reconsideration Of State Institutions Bill

The house of representatives refused Tuesday to reconsider an indefinitely postponed bill to provide a 12-hour day, 60-hour week for employes of state institutions and later defeated a bill to raise the minimum pay for attendants and nurses to \$115 a month.

The vote on reconsidering the hours bill was 30 to 27, but a two-thirds majority is required to take up a measure indefinitely postponed.

Rep. Henry Semon (D-Klamath) said the budget deficit would be increased from \$500,000 to \$1,000,000 if the salary minimum bill passed.

Semon, whose ways and means subcommittee reported both bills out unfavorably, said that salaries of 396 employes now totaling \$600,340 would be increased to \$1,104,000. Salaries now average \$60 a month.

The house defeated the pay rise 31 to 28 and then indefinitely postponed the measure 34 to 25.

The house passed and sent to the governor a bill to appropriate \$10,000 for use of the Oregon department, Disabled American Veterans of the World War to secure the national convention in Eugene in 1942.

Rep. Alex Rennie (R-Benton) said the convention, if secured, would bring two or three thousand veterans to Oregon. If the convention is not held in Eugene the money will be returned to the state.

The house passed a measure which would remove Benton county from the second judicial district (Benton, Coos, Curry, Douglas, Lane and Lincoln counties) and place it in a new district with Linn county.

Linn was removed from a joint district with Marion in a previous bill.

The measure now goes to the senate.

The house voted an additional appropriation of \$120,000 for payment of legislative expenses to add to a previous \$50,000 appropriation.

"I think this is the worst bill to come out of the ways and means committee, but so long as we have to run this legislature I guess you'd better pass it," said Angus Gibson, (R-Lane), chairman of the ways and means committee.

The house indefinitely postponed 34 to 22 a bill to make lumber and slabwood warehouse receipts subject to labor liens.

Job Program Set by Vets

An "all out" employment program for veterans will be conducted by Marion post No. 661, Veterans of Foreign Wars, in cooperation with the state department of the organization, it was decided at Monday night's post meeting.

Marion post will register all veterans of this district who desire to avail themselves of an opportunity to better their employment on Thursday, 7:30 p. m. at the VFW building, North Church and Hood streets. Veterans who are not members of the VFW are requested to identify their former connection with the US armed forces by presenting their discharges.

Registration will be in charge of L. V. Perkins, employment chairman of the post, Livingstone Y. Eaton, Russell Mudd and Charles E. Winslow.

"Save Vision" Week Proclaimed By Salem Mayor

Proclamation of the week beginning last Sunday as "Save Your Vision week" was made Tuesday by Mayor W. W. Chadwick. His statement follows:

The world is deeply touched by the sad events abroad where peoples are but pawns on the chess board of civilization and moved about at will by dictators, whose repulsive philosophy has drawn the entire world into the greatest confusion in history.

Involved as we are a nation in protecting and defending the citizens of the United States against this piracy, it is encouraging to note the calmness with which our citizens go about in solving their own local problems.

In recent years, proper eye care has assumed an ever increasing place of importance in the minds of our industrialists, school authorities and safety engineers. Visual efficiency and comfort has become a vital factor in the everyday life of our citizens.

In keeping with an American principle of constantly raising standards of efficiency, it is both fitting and proper that optometrists everywhere concentrate upon a program of providing adequate eye care in our schools, in industry, in safety programs and in all other departments of our national welfare.

To this I, W. W. Chadwick, mayor of Salem, set aside the week of March 9, 1941, as "Save Your Vision week," and urge that all agencies concerned dedicate this week to the worthy task of emphasizing the need for a greater recognition of the importance of visual efficiency in our national program for the advancement of the American way of life.

efficiency, it is both fitting and proper that optometrists everywhere concentrate upon a program of providing adequate eye care in our schools, in industry, in safety programs and in all other departments of our national welfare.

THE RECORD... Facts That Concern You No. 24 of a Series

A few weeds grow in every garden

Among the thousands of decent law-abiding beer retail establishments in America there may be a few disreputable "joints."

While it is the brewers' responsibility to brew good beer and the retailers' responsibility to sell beer under wholesome conditions, nevertheless the brewing industry is concerned about these undesirable places and wants them cleaned up.

We want them cleaned up because they endanger your right to enjoy good beer... and our right to make it.

We want them cleaned up because they endanger the 13,238 jobs and \$11,541,550 payroll created by beer in Oregon since re-legalization. Beer contributed \$617,020.86 last year in taxes in this state.

These benefits are worth preserving. You can help us, if you will, by (1) patronizing only the reputable, legal places that sell beer and by (2) reporting any law violations to the duly constituted law enforcement authorities.
