Pattern

Career woman... home-girl—whatever your occupation, type or age, this trim style will fit right into your Spring wardrobe plans. Pattern 4710 is a new Anne Adams version of an old favorite—the shirtwaister—and one of the snappiest styles you've ever seen! Have it in linen, in shantung or in a gay cotton. The most becoming feature is that waist-girdle that slimsly encircles your supple waist. Smart, too, are the easy bodice lines, gathered above the girdele and below the tailored yokes. The collar is in classic notched style. Use novelty buttons down the bodice fastening. And cut your sleeves in short, three-quarter or long style.

Pattern 4710 is available in misses' and women's sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 takes 3 1/4 yards 35 inch fabric.

Send your order to The Oregon Statesman, Patterns department.
