

### Angell Urges Centennial Recognition

WASHINGTON, April 3—(AP)—Legislation to provide recognition and commemoration of the first civil government established in the Oregon country on May 2 and July 5, 1843, was urged in the house Tuesday by Rep. Angell (R-Ore.).

The achievements of pioneers traveling the Oregon Trail from Independence, Mo., to the Willamette valley of Oregon were recalled by Angell, who said the 100th anniversary of the establishment of civil government should be given fitting recognition by congress.

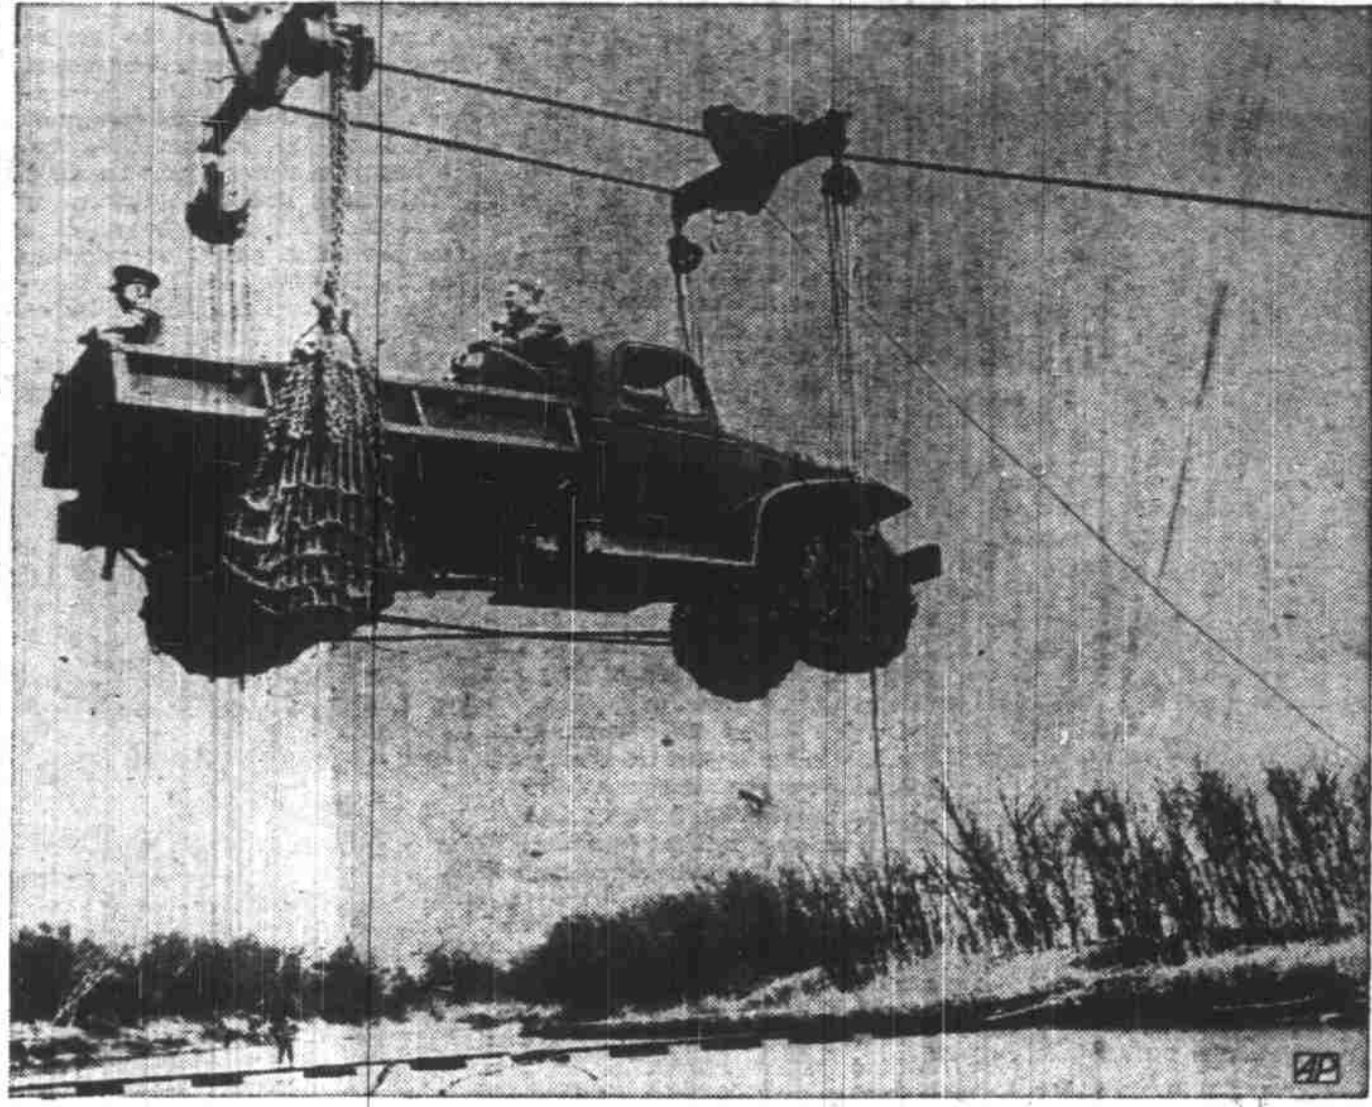

He placed in the congressional record a memorial from the Oregon legislature urging Washington, Idaho, Wyoming, Colorado, Nebraska, Kansas, Missouri and the national government to join the state in proper observance of the deeds of the pioneers who blazed the trail to the Pacific coast.

### Italo Tanker Chief Reveals Fire Reasons

TAMPICO, Mexico, April 3—(AP)—The captain and chief engineer of the scuttled Italian tanker Atlas were jailed Thursday night by federal police, who quoted the master as saying he carried fascist orders to "blow up" his ship if it ever arrived in a US port and was threatened with seizure.

An agent of the federal attorney-general's office said the two confessed responsibility for the sinking of the Atlas Monday night and would be arraigned, probably Friday, on charges of sabotaging endangering navigation in Tampico harbor.

### Army Uses Cable Bridge to Cross River

A new type cable bridge developed by Lieut. Col. R. B. Lord is given a successful trial at Fort Riley, Kan., as a seven-ton military truck is whisked up, over and across Smoky Hill river three hours after construction of the device was started. Below is a new type portable foot bridge with which the army is practicing.—AP Telemat.

The Atlas was pumped out and refloated Thursday, and examination showed the engine cylinder heads had been smashed with a sledgehammer.

### Twenty Silverton Teachers Get Raises; Eight Given Cuts

SILVERTON—Twenty Silverton teachers were given a raise in salary and eight teachers received cuts, H. W. Adams announced Thursday.

Adams, superintendent of schools and clerk of the district, is working under a three-year contract and his salary remains unaffected. The three principals, Harold Davis, senior high school; Richard Barse, junior high school; and Harry Cameron, Eugene Field building, were renamed at the same salary.

Special salary increases given Mrs. Vera Cox, dean of girls; Ray Goates and Kenneth Hewitt, athletic coaches.

The 20 increases will affect those in the lower brackets who have been in the Silverton system two years or more. The general raise for this group is \$45 a year.

The cuts, referred to by the school board as "adjustments," will affect those in the upper brackets of salary and amount to 3 per cent.

Two resignations were accepted and more are looked for. Miss Kathryn Slawson resigned to accept a position at Oswego. Miss Seville Riley does not plan to continue teaching.

No new teachers have as yet been hired. Vacancies will probably be acted upon at the May meeting, Adams said.

He announced that the two per cent interest bid at par Marion county offered for the \$2000 negotiable bonds was accepted. Only one other bid was received, that of Fordyce and Co., Portland, at \$100.06 and 2 3/4 per cent interest. the gra-tvc

### Best Burglar Boasts 300 Robberies

SPOKANE, Wash., April 3—(AP)—Not quite the best but possibly the most modest burglar in the world, thinks Detective Lieutenant L. E. Richards of Los Angeles, is James Pope, 27, brought here from the southern California city to testify before a federal grand jury.

"Pope," reported the detective, "says there is only one better burglar in the world than he, and that's the man he learned from."

The witness pleaded guilty to a burglary charge at Los Angeles and will be returned tomorrow for sentencing, Richards said. With him will be Morris Simon, accused by federal authorities here of conspiring with Joe Schnitzer of Portland and Harry Shulman of Spokane to transport \$8,000 worth of stolen jewelry from Spokane to Portland.

Oscar Oldknow, Los Angeles, whose home was burglarized, also was here to testify.

"Pope testified (in Los Angeles) he committed more than 300 burglaries in the ultrarich district," Richards continued. "The 60 square miles in which he operated represents more wealth than any other similar district in the country. He testified the proceeds of more than 40 burglaries went directly to Simon."

"He has an uncanny knack of picking out good jewels and leaving fakes, even at night. Says he can tell real pieces by the feel."

The audacious Pope, added the detective, "talked his way out" of several fashionable homes when caught.

### Wave Lotion Said Poison

WASHINGTON, April 3—(AP)—Federal agents moved swiftly Thursday to clear beauty salons

### Conscience Bothered Him

in an undetermined number of cities of a heathless permanent waving preparation declared by the federal food and drug administration to contain a "dangerous poison."

A socially prominent Georgia matron died a few minutes after a visit to a hair-waving shop using the preparation.

Dr. P. B. Dunbar said the preparation was known as the "Willat method of heathless permanent waving" and that his agency had put that name into a federal court record Thursday in moving to seize the product.

A conscience-stricken souvenir hunter, in an unsigned letter, Thursday returned to the executive department here two number plates removed from fire signal stations in the state capitol last Sunday.

"Because of a stricken conscience I am forced to return these two numbers," the letter read. "I hope they will reach the proper person."

## FOR SALE! Accounts

The following Judgments, Claims, Notes and Accounts are offered by the undersigned, as agents, for sale to the highest bidder.

The right is reserved to reject in full, or in part, any offer.

Name	Address	Amount
Cross, J. M.	Salem	\$10.27
Flint, Lester	Salem	1.21
McCain, Wm.	Salem	31.86
Weathers, Wilfred	Salem	82.94
Christy, Carl	Monitor	7.55
Bartlett, Cleave	Salem	15.70
Kasper, Tony	Salem	12.18
Pulver, R. J.	Salem	1.13
Knapke, Louis	Salem	3.00

### Flashes of Army Life

(By The Associated Press)  
CAMP BOWIE, Tex.—The job of bugling the boys of the 36th division out of bed is, more or less, a pipe.

The young man with the horn simply reaches under his cot, turns off the alarm, leans back on his pillow and blows the notes softly in a bedside microphone.

Four large amplifiers placed about the post do the rest.

CAMP LEE, Va.—(AP)—"Your first name?" asked the quartermaster replacement center classification and assignment officer of a raw recruit.

"Charlie."

"I don't have a middle name, sir."

"The record here gives a middle initial. Do you or do you not have a middle name?"

The line lengthened as the soldier shifted from one foot to the other.

"Yes, sir."

"Well, what is it?"

"McCarthy, sir."

There was a last name, of course, but few of the soldiers will remember it.

FORT BRADY, Mich.—Sergeant Frazier of the medical corps, who is no linguist, has rechristened three of his assistants as follows:

Kurzinski to "Casey," Wojelochowski to "Murphy" and Mientkowski to "Kelly."

CAMP SHELBY, Miss.—Private Dayne Penny of the 134th field artillery band was summoned to headquarters.

"When," asked the officer, "are you going home?"

"Home?" the bewildered soldier countered.

"Didn't you know that your enlistment ran out 15 days ago?" the officer inquired.

Penny ran out, too, in the general direction of his home in Bucyrus, Ohio.

INDIANTOWN GAP, Pa.—The tune that has delighted the men at this military reservation is entitled "Your Number Has Been Called."

It was written by Sergeant David F. Lindsay of Philadelphia.

But, incidentally, his number wasn't called.

He enlisted.

### Hop Growers Will Elect

For the purpose of electing a representative to serve on the growers' advisory committee for a two year term, a meeting of hop growers of district six, which includes the Salem vicinity, will be held April 10 at 8 p. m. at the chamber of commerce rooms, according to C. W. Paulus, managing agent for the hop control board. Romeo Gouley is at present a member of the committee.

Similar meetings are being held in the 11 other hop districts of the state on the same date, Paulus said.

### Farmers Union News

TALBOT—About 130 people attended the meeting of the Sidney-Talbot Farmers union meeting Friday at Talbot school house.

An hours program was given by four cotton blossom singers, students of the Piney Woods school in Mississippi.

The obligation of the Farmers Union was read by G. W. Poits, sr., to Henry Hess, Mr. and Mrs. Clint Hampton and Edwin Swartz.

Refreshment committee appointed for the next meeting is Mr. and Mrs. Fred Jorgenson, Chris Jorgenson, Mr. and Mrs. John Jones, Mr. and Mrs. Sam Jungen and Mr. and Mrs. Richard King.

### Tacoma Told No Blackout Needed There

TACOMA, April 3—(AP)—Smoke and haze, not blackouts will protect the city of Tacoma from any enemy bombers flying over the city, Col. William H. Crom, commanding officer of McChord field, told a Tacoma audience Thursday.

Col. Crom revealed that the army is now installing radio beams to overcome this visibility hazard.

Seattle, however, should not depend on blackouts for protection he said, as the surrounding lakes, easily visible to pilots, afford fine landmarks either night or day.

"You have a splendid climate. I have nothing against it, but it is a fact fliers have difficulty spotting even McChord field through the haze," he said.
