

# Northwest Mines Development Brought to Fore by Defense Program, US Officials Say

Oregon now Producing Most of Mercury; Tillamook to Get Ship Contract; Gas Company Starts Building New Plant

WASHINGTON, April 14—(AP)—Development of strategic minerals in the Pacific northwest states has been brought to the fore by the national rearmament program and promises to assume even more importance, officials said Monday.

Congressmen from Utah, Idaho, Oregon, Washington and Alaska are urging the administration to develop the mineral deposits to meet present mineral needs.

Senator Murdock (D-Utah) seeks to bring about the development of alumina for aluminum in Utah. The metal is used for airplanes and other defense products. He has conferred with government officials and industrialists in the hope of interesting them in alumina deposits close to the aluminum plants using Bonneville-Grand Coulee power.

Utah and Idaho have great deposits of copper badly needed for emergency production.

Oregon's republican senator, McNary, has aided in bringing about development of chromite and zinc deposits in his state. Oregon now produces much of the mercury needed in rearmament.

Tite Knot Pine mills, Redmond, lumber, \$4387; Hirsch-Weiss Manufacturing company, Portland, 3732 pairs duck trousers, \$9569.

WASHINGTON, April 14—(AP)—Oregon's army, navy and national rearmament contracts for the March 16-31 period totaled \$54,598,927, the office of government reports announced Monday.

The Oregon Shipbuilding corporation's contract to construct 31 cargo vessels at Portland for an estimated \$46,500,000 was the largest item.

Army contracts totaled \$306,341, navy's \$7,744,925 and Oregon's defense training allotment for the month \$47,661.

PORTLAND, April 14—(AP)—The Portland Gas & Coke company awarded contracts Monday for two major parts of its \$1,500,000 gas and chemical manufacturing plant here.

Company officials did not announce contract figures, but said awards were on a cost-plus basis. H. A. Brassett & company, New York, will install four coke ovens, corporation, Los Angeles, will install the Bechtel-McCone-Parson steel refinery equipment.

## OSC Schedules Annual Women's Fete May 9

OREGON STATE COLLEGE—The dates of May 9 to 11, inclusive, have been selected for the annual Women's weekend here, and Miss Jean Dykeman of Vancouver has been chosen general chairman.

Miss Dykeman in turn has appointed a large number of student committee heads, who are planning to make this year's event one of the most enjoyable for visiting Oregon State mothers. Combined with Women's weekend this year will be the annual Corvallis garden tour program.

TILLAMOOK, April 14—(AP)—Tillamook soon will get a ship-building contract, Rep. James W. Mott (R-Ore) of the house naval affairs committee promised Monday.

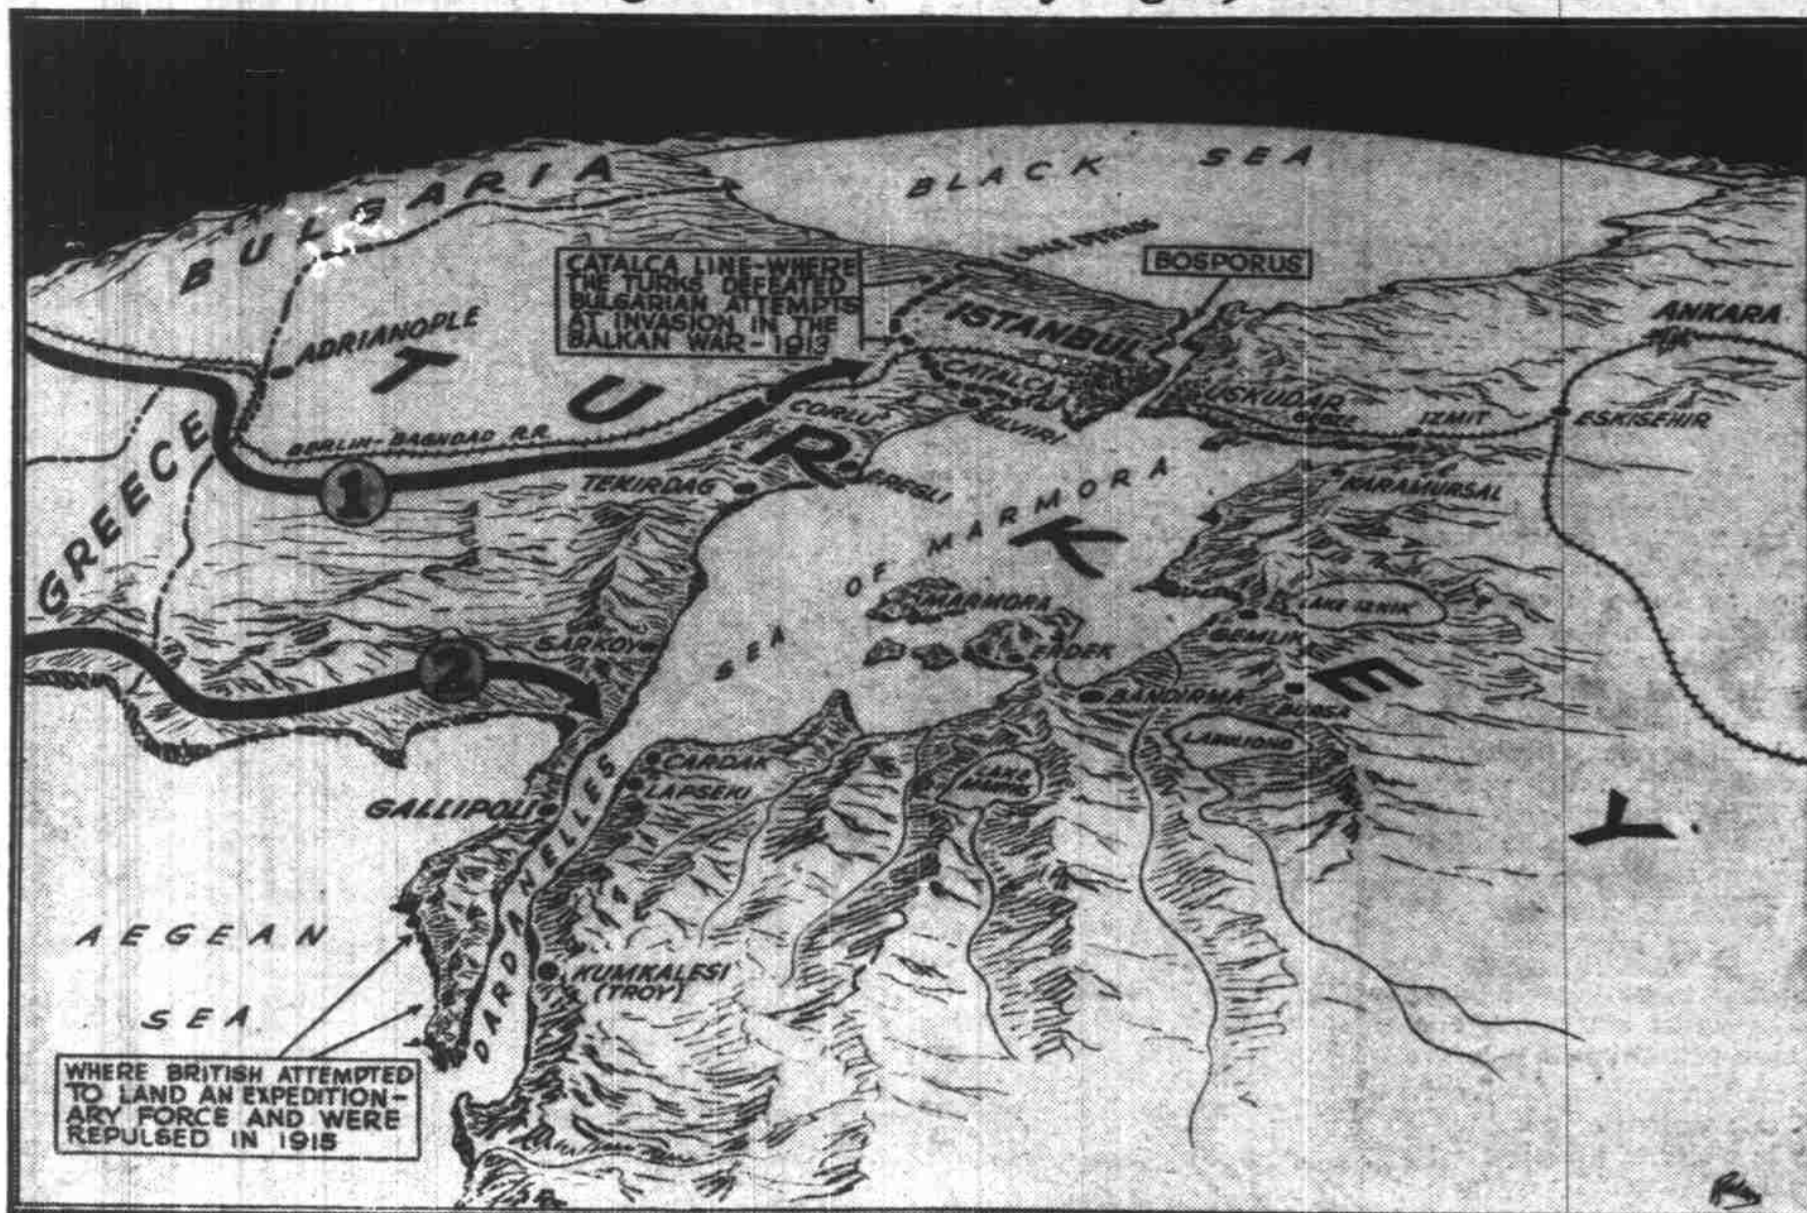

Mott said the Steinbach Iron Works was on the navy's eligible list for vessels of the mosquito boat, sub chaser and mine sweeper classes.

In his conference here Monday with Mayor D. E. Steinbach, Mott said that Oregon's contracts under present appropriations already were allocated but that more would be apportioned under the lend-lease appropriation and "Tillamook is next on the list."

WASHINGTON, April 14—(AP)—The following contracts were announced by the war department Monday:

John Helstrom, Astoria, construction of heating plants at Fort Stevens, \$37,989; Chapman Lumber company, Portland, Eugene, \$3,705; George E. Miller, Eugene, \$1,050; Patrick Lumber company, Portland, \$1,360;

# Hitler Faces Tough Turks (If They Fight) in Suez Drive

The above map shows how Nazis, if they attempt to drive to the Suez canal through Turkey, Iraq and Syria, face severe obstacles should Turkey decide to resist. Two routes are considered. A blitz along the general line of the Berlin-Baghdad railway (1) would bump into the famed Catalca line, where Turks defeated a Bulgarian invasion attempt in the Balkan war of 1913. Line at the edge of the Sea of

## Annual Meet Of Teachers Set Today

Annual meeting of the Salem Teachers association, for election of officers, is scheduled today at 4 p. m. in the senior high school auditorium, according to the calendar of public school activities issued Monday by Supt. Frank B. Bennett.

Bennett said the first April meeting of the school board, postponed from last week until tonight, has been cancelled. The next meeting will be April 29.

The week's activities include: Tuesday—12:50 p. m., Girls' league presents University of Portland glee club in concert for student body. Wednesday—9:40 a. m., pay assembly at Parrish junior high school for Pierce Knox, blind xylophonist; 9:50 a. m., Robin Hood program at Richmond school; 10 a. m., elementary principals' meeting at administration office; 12:50 p. m., pay assembly at senior high school for Pierce Knox; 1 p. m., tooth brush fantasy at Bush school, Robin Hood assembly at Garfield school, assembly at Grant school.

Thursday—9 a. m., assembly at Englewood school; 1 p. m., children's hour at Bush school; 4 p. m., softball meeting for grade teachers at Bush school, directed by Mrs. Grace Wolgamott, physical education supervisor; 7:30 p. m., Grant school PTA meeting. Friday—12:30 p. m., dog exhibition at senior high school; 1 p. m., living pictures assembly at Bush school; 7:30 p. m., achievement night at McKinley school, all parents invited.

## Pupils Slate Church Play

Using the events of Pentecost as a theme, the high school Endeavor of the First Christian church will present a program Wednesday at 7:30 p. m. in the church auditorium. "In the Days of Pentecost," a play written by Betty Davis will be given and a special musical number, readings, and a quiet hour meditation led by Warner Jackson. David Leek has acted as adviser for the program.

Proceeds will be used to help some Christian Endeavor young people attend the state convention at Klamath Falls, April 24-27. The program: "Spirit of Love Divine," Bob Douglas; "In the Days of Pentecost," Dale Harden, Stuart Sharpnack, Earl Shreve, Clyde Shreve, Sam Tripp, David

Leek; "All Hail the Power," trumpet solo, Richard Hill; offertory, Betty Pugh; readings, Delvin Long; "Ave Maria," Phyllis Neal; quiet hour, Warner Jackson; "Lords' Prayer," Bob Douglas; organist, Betty Pugh.

# Jimmy Roosevelt Weds Nurse in Presence of Mother and Kin

BEVERLY HILLS, Calif., April 14—(AP)—A simple, civil nuptial service Monday united James Roosevelt, 33, eldest son of the president, and Romelle Theresa Schneider, 25, attractive, brown-eyed brunette nurse.

Municipal Judge Arthur Guerin read the service at the home of George P. Converse and Mrs. Converse, the former Actress Anita Stewart.

Roosevelt and his bride exchanged vows before an altar banked with Easter lilies. She wore a beige semi-tailored suit and carried a bouquet of gardenias and lilies of the valley. Just before the ceremony Roosevelt gave her a diamond and ruby bracelet.

Among the 25 guests were Jimmy's mother, Mrs. Eleanor Roosevelt; his sister, Mrs. Anna Boettiger and her husband, John Boettiger, Seattle publisher; the bride's mother, Mrs. Agnes Schneider; her brother, George, Notre Dame university student, and her two sisters, Mrs. L. F. Tubbs and Phyllis Schneider, Jimmy's secretary.

Because Jimmy was divorced last year by the former Betsey Cushing of Boston the marriage could not be performed in the Roman Catholic church, of which the bride is a member. Roosevelt said he regretted this.

Following a luncheon, the couple left on a brief honeymoon. A captain in the marine corps at San Diego, Roosevelt must return to duty Thursday. He declined to say where they were going.

The romance of the tall, baldish Roosevelt and Miss Schneider began after he went to a Rochester, Minn., hospital for a stomach operation in 1938. He came to a Hollister, Calif., ranch to recuperate, resigning as secretary to the president, Miss Schneider

accompanied him. She is a native of Independence, Wis.

Mrs. Eleanor Roosevelt planned to leave Monday night by American Airlines plane to keep a speaking engagement in North Carolina Tuesday.

## Choir Starts Spring Tour

Spring tour of the Willamette university a cappella choir began Monday when the 45-voice group left the campus early in the afternoon to sing at Cottage Grove Monday night, under the direction of Dean Melvin H. Geist.

Before returning to Salem to sing Sunday night at 7:45 at the First Methodist church, the choir will present concerts at Bend tonight, Klamath Falls on Wednesday night, Ashland on Thursday afternoon, Medford on Thursday night, Grants Pass on Friday afternoon and Roseburg on Friday night.

## Jobs Hit High Schools

PORTLAND, April 14—(AP)—Portland high schools are beginning to feel the effects of the national rearmament program. School principals said Monday that a number of students are dropping out of school to take jobs. The number will remain small, they said, because industries are not hiring youths under 18 years of age.

Have you discovered how smoothly your motor idles down with **Finer Flying A?**

SMOOTH AT EVERY SPEED

Try a tankful today and feel the difference at any speed

Out of one traffic speed into another. Speed up. Slow down. Now speed up again. At one of these traffic speeds your motor probably fails to run smoothly with ordinary gasoline. Perhaps it's at 25 miles an hour, or maybe at 45. Perhaps it balks only at slow speeds—at 10 miles an hour or 15. But you don't have to put up with this. Not any more. We have actually created a gasoline made to give you smoothness at every speed.

It's 7 gasolines blended into one. You've heard of most of them... Polymerized gasoline, Cracked gasoline, Alkylated, Solvent-refined, Natural, Straight-run and Reformed. These are all in Finer Flying A. And each is in there working to do a certain job. One keeps your motor smooth as you cruise at highway

speeds. Another reduces knock at traffic speeds. Another smooths out the hard pull. All seven gasolines blended together give you new smoothness at every speed.

Find out. Try a tankful of Finer Flying A today. Discover the pleasant difference as you go through changing speeds. Speed up. Slow down. Go fast again—smooth at every speed.

Sincerely yours, You mothers asked us to put in comfort station facilities for youngsters. So, today, Certified Clean Comfort Station signs say—"For Baby, Too." There's a special seat for baby. And there is always a supply of tissue seat covers for extra protection. It's another Associated service.
