

### Prison Term Commuted

The five year penitentiary sentence of Oris Roberts, received

at the prison March 8, 1939, from Multnomah county on an assault and robbery charge, Wednesday was commuted to the time he has served by Governor Charles A. Sprague. The commutation was recom-

mended by the state parole board so that Roberts may be released to join relatives in San Francisco. Officials said Roberts would leave the penitentiary either Thursday or Friday.

### None Hurt When Airliner Hits

CHARLESTON, W. Va., April 16-(AP)—A northbound Pennsylvania Central airlines plane with

six passengers and a crew of three aboard crashed in the foothills beyond Charleston a few minutes after taking off for Pittsburgh Wednesday. Physicians at the Mountain State hospital said Irene Coats, of Pitts-

burgh, plane hostess, suffered a severe back injury, but other crew members and six passengers escaped critical hurts. A witness at the scene of the crash ten miles west of Charles-

ton said a motor apparently failed after a takeoff from the Charleston airport and forced the pilot to attempt a landing across the great Kanawha river in a cleared section near two foothills.

### Enrollment Decreases

EUGENE, April 16-(AP)—Spring term enrollment at the University of Oregon reached 3270, a decrease of 23 from last year, Dr. Earl M. Pallett, registrar, said Wednesday.
