Decline of Wheat Ends

Fear of Damage to Winter Crop Checks Downward Drop

CHICAGO, April 19–(AP)–The wheat market's decline was checked Saturday by forecast of freezing temperatures in Kansas, giving rise to fear of possible damage to winter wheat.

Prices fell about a cent early in the session to 89¼ for May and 87¾ for July, at which level they were four to five cents below seasonal highs reached just before the German Balkan invasion began. After release of the weather forecast, however, the market rallied and closed unchanged to ⅜ higher compared with yesterday, May 90¼-⅜, July 88¾-⅝.

Walnut Control Board Selected

SAN FRANCISCO, April 19–(AP)–Eight of the nine members and alternates of the control board to administer the 1941-42 marketing season for walnuts grown in California, Oregon and Washington, have been selected, the surplus marketing administration announced here Friday.

The program provides for selection by the secretary of agriculture of eight members and alternates of the control board from nominees chosen by the industry. The ninth member and his alternate will be selected soon from nominees chosen by the eight members first selected by the secretary.

R. A. Duncan, member, Portland, and A. C. Jacobson, alternate, Dundee, represent packers whose plants are located in Washington and Oregon.

John E. Trunk, member, Newberg, and F. E. Chambers, alternate, Eugene, represent growers whose orchards are in Oregon and Washington.

Damaged by Frost

SILVERTON HILLS — Strawberries suffered considerably from the heavy frosts of the last two nights, Silverton Hills growers said Saturday morning. In sheltered spots the blossoms were not injured but in the open fields frosts did much damage.

Lows Again Registered

Apprehension Over War News Evident, Dealings Quiet

NEW YORK, April 19–(AP)–Stock prices generally softened again Saturday as the market edged out of another declining week with persistent apprenhension over war developments.

Numerous lows for the past 10 months or longer again were registered in exceptionally quiet dealings but losses on the whole were in minor fractions and scattered recoveries were in evidence at the close.

The Associated Press average of 60 stocks was off .1 of a point at 39.2, lowest level for this composite since June 11 when the French collapse hit prices. In 13 consecutive sessions the market was able to get up only once, and that but .1 of a point last Monday.

Drying up of selling was moderately comforting to forces who believe the list has pretty well discounted a lot of bad foreign and domestic happenings. Transfers for the two hours amounted to 230,110 shares as compared with 290,390 last Saturday.

Screw Worm Being Fought

Moving to prevent the possibility of a spread of screw worm infestation of animals into Oregon, Director J. D. Mickle of the state department of agriculture today signed an order preventing the shipment of livestock into this state from areas now infested unless animals from such areas can be certified as free from the screw worm maggot.

Under the order, effective April 25, cattle, sheep, horses, mules and asses from California, Arizona, New Mexico, Texas, Oklahoma and the Republic of Mexico will be barred entrance to this state if they are infected.

According to information from Dr. W. H. Lytle, chief of the department's animal division, there is little likelihood that this trouble will bother Oregon livestock men except as introduced from other states. The northernmost point at which the federal bureau of animal industry reports screw worm is Redding, Calif.

The screw worm, a greenish fly which lays eggs in any break in the skin, destroys several million dollars worth of livestock annually in the south and southwest.

Joins Signal Corps

LEBANON — Robert Whinery has sold his radio shop stock and equipment and has enlisted in the Signal corps. After a four month course in Seattle he will probably be sent to Alaska, where all the telegraph and radio stations are under the Signal corps.

James Allison and Kenneth Huston have enlisted in the navy.
