Rails Show 1941 Highs

Stock Market Moves Ahead to Setback Week's Losses

NEW YORK, May 3-(AP)-Behind a vanguard of strong rails which established numerous 1941 highs, the stock market moved ahead sufficiently Saturday to 1 neutralize losses incurred earlier in the week.

The best gains among the more active issues ran a little over a point, but steels generally failed to follow the upward lead and no great volume of buying developed. The Associated Press average of 60 selected stocks gained .1 of a

point at 39.4. Turnover was 197,-750 shares compared with 156,-000 last Saturday. New highs were established for

the year by nickel plate preferred, Santa Fe, Southern Pacific, American Car & Foundry preferred, Skelly Oil, Pure Oil and Socony. (Buying Prices of Marion Creamery) Other gainers included Savage Large A ... Arms, Air Reduction, Douglas, Lellow Truck and DuPont. The oils were aided by reports

higher prices. Rails dominated the bond market.

Farm Program News Has Beneficial Effect on Mart

CHICAGO, May 3-(P)-Legislative news from Washington regarding the farm program had a rousing effect on the grain market Saturday.

Reports that the senate agriculture committee had voted unanimous approval of 85 per cent of parity prices on government loans on wheat, corn, cotton, tobacco, and rice, shot wheat prices up 3% cents on the abbreviated Saturday trading session and brought particularly sharp price gains to soybeans and lard.

Under present benefit payments the adoption of the 85 per cent of parity loans would bring farmers approximately \$1.15 a bushel for wheat and 87 cents a bushel for corn on the farm. With even the prospects for such prices being established, buyers appeared in the grain pits as if by magic. As a result, wheat closed strong

21/2-35/8 cents higher than Friday's

finish, May 941/8-94, July 935/8-1/4.

Reid Murdoch **Packs Grass**

Some locally grown asparagus has already been canned at the Reid Murdoch plant and a crew of approximately 80 women and 40 men are now employed in packing asparagus received from Yakima, according to Ray A. Yocom

Marshall strawberries will probably be ready for canning during the week of May 12, depending principally on the weather, Yocom said, and gooseberries may arrive during the week starting the 19th The rain of the past few days was just what the cane fruits needed. and was believed to be very beneficial.
