**Labor Controversies** Offset Favorable **Business News** 

NEW YORK, May 13-(AP)-The stock market struggled feebly to hold a mild early rally but light selling after midday converted initial gains of fractions to a point or so into declines in many cases at the close.

Wall street tried to read bullish implications in the mysterious flight of Nazi Chieftain Hess from Germany but buyers were notably hesitant in risking much cash on their interpretations.

Some bidding was attributed to favorable business items but more labor controversies threatening defense work served as an

The Associated Press average of 60 stocks was unchanged at 40. Transfers totalled 431,850 shares compared with 435,320 Monday.

Parity Loan Rate on **Five Commodities Brings Advance** 

CHICAGO, May 13-(AP)-Stimulated by a conference committee agreement on 85 per cent of parity loan rates on five agricultural commodities, grain and provision prices hiked briskly upward. Wheat advanced more than two

cents a bushel and corn was up a

cent at the start. Later reactions under pressure of sales for collection of profits dropped wheat gains about a cent but considerable buying supported the market and prices later ad-

vanced again. At the close, wheat was about 1/2 cent under the day's high levels and 1%-2 cents above Monday's finish, May 971/8, July 95%-1/2.

It was estimated in the wheat pit that farmers cooperating with the government's loan program would be assured a return of approximately 96 cents a bushel for wheat on farms and \$1.15 a bushel in Chicago.
