New Clothes and Shoes Designed for Comfort

Lower left, barefoot sandal; center, strap sandal; top right, strap moccasin

Today American women value their freedom as never before. Even clothes and shoes are designed for freedom and comfort, leaving the wearer free to work and play. This season there is the widest variety in shoes. There are styles to suit every age, taste and need. Colors include scarlets, golds, soft greens and many different tones of blue, so with a basic dress you can get different costume effects just by changing the color of your shoes, belt and kerchief. The barefoot sandal, lower left, is to wear with slacks, shorts or bathing suits. It is made with a thick cork sole and put together with rubber milk. The uppers are soft cotton which is washable. The young woman in the center is wearing strap sandals that may be worn for town as well as on shipboard. The strap moccasin, top right, flatter the feet and are made with walled toe, college heel and distinctive band of laces, that comes in multi-color, dark blue or brown.
