

Junior Club Plans Float

Lebanon Group Works for Strawberry Fair; Officers Named

LEBANON—The Junior Women's club will take the responsibility of designing and decorating the queen's float for the big parade the first day of the strawberry fair, Friday, June 6. Maxine Brattain is chairman of the committee who will do the work. Next fall the club will sponsor Sam Gordon bridge classes. During the summer the year book for next year will be made out by Maurine Hopkins, Joella Mayer, Flora Smith, May Bullard and Elynor Miller. New officers elected to be installed next fall are: president, Elynor Miller; vice-president, Beulah Gronquist; secretary, Kay Bullard; historian, Maxine Brattain; and parliamentarian, Maurine Hopkins.

LEBANON—Arthur Kelley expects to begin work on a lumber shed and warehouse on the railroad property, south of Grant street, about June. The buildings which are to be 37 by 80 and 28 by 82 are for R. G. Morris, who will open a building supply business. He already has several such places in other valley towns. So far during May, permits have been issued for the construction of four new dwellings to cost from \$600 to \$2400. These, it is said, are being put up to rent by J. J. Peacock, George Alexander, Charles Schackman and Leslie Waters.

LEBANON—Members of Arthur Middleton chapter, D.A.R., entertained their husbands at dinner at the home of one of their members, Mrs. T. G. Cowgill, Albany. New officers were selected: Mrs. R. G. Waddell, regent; Mrs. George Smith, vice regent; Mrs. Dennis Cormier, treasurer, and Mrs. C. C. Whitcher, historian. Santiam post No. 51, American Legion, decided to pay the expenses of one boy at Boys State. At the same time the auxiliary voted to send a girl to Girls State. Committees were appointed to select the candidates. Preliminary plans were made for the observance of Memorial day in conjunction with the other patriotic organizations. The first service will be Sunday morning when Dr. John Burns, a member of the post, will speak at the Presbyterian church. Members of the post and of the auxiliary will meet

Air Corps Gets New Bomb Truck

A familiar piece of motorized equipment around US army air corps bases these days is this new bomb service truck, shown being demonstrated near a giant US army bomber. Manufactured by the Ford Motor company, the special trucks are rigged with derrick and windlass to facilitate handling of bombs weighing from 600 to 1200 pounds. These trucks are used for towing bomb trailers or carrying bombs such as the 600-pounder shown above, from storage points to the airplane.

at the Legion hall and attend the service in a body. On Memorial day, rites at the cemetery will follow the ritual. The auxiliary elected officers Tuesday night. Mrs. George Hardin will be president; Mrs. R. H. Johnson and Mrs. Bert Moersch will be the first and second vice presidents; Mrs. Arthur Wilson, secretary, and Mrs. Cecil Ford, treasurer. Five members were initiated: Mrs. Clay Nichols, Mrs. George Rose, Mrs. Leo Awbrey, Mrs. Bert Moersch and Mrs. W. H. Hardt.

Churchill Gets Third of Pay

LONDON, May 22.—(P)—Prime Minister Winston Churchill receives less than a third of his actual salary owing to taxes, the house of commons was told Thursday. A member who termed him "the man with the most responsible job in the world" said the prime minister was getting only £3,168 (about \$12,672) out of a yearly salary of £10,000 (about \$40,000).

Home for Month

SILVERTON HILLS—Miss Yvonne Murray, who has been employed in a restaurant at San Francisco since last July, arrived home this week for a month's vacation.

Pratum Names Two Teachers

PRATUM—Pratum school will have two teachers for the coming year. Miss Laura Bartnik, Mt. Angel, who has been teaching at Broadacres, is to be upper grade teacher and principal. Miss Helen Christensen, Monmouth, who has been teaching at Pedee in Polk county, will have the primary grades.

Undergoes Operation

SILVERTON—Ben Gifford is reported improving at the Silverton hospital following a major operation there Saturday. Mrs. Merritt Barth and infant daughter were able to leave the hospital Sunday for their home.

Visits in Portland

BROOKS—Miss Theresa Stravens visited at the home of her aunt and uncle, Mr. and Mrs. W. O. Krause, in Portland recently. Chitter Chatter—Lynn Bari's pet superstition is that she never bets on a race horse with white feet. It required \$50 to repair a cracked tooth suffered by Ann Miller when she bit into an oyster that contained a \$2 pearl. She's only three, but Baby Sandy already has two stand-ins. She's dubbed 'em "AM" and "PM" because one works mornings and the other afternoons.

Silverton News

SILVERTON—Mr. and Mrs. William Pickell are planning to return to Silverton soon, according to word received here by friends. The Pickells moved to Gresham last summer where their son, Richard, former Silverton teacher, now teaches in the high school. They still own residence property on South water street. Principal and Mrs. Harold Davis are planning to move to their newly purchased home at 329 James avenue this week. Mr. Davis, principal of the Silverton high school, intends to spend the summer here. Mrs. Harry Riches is moving this week to 418 Jersey street, where the Elmer Thompsons lived before moving to a farm. Mrs. Riches plans to accompany her mother, Mrs. Cuddy, who has been spending the winter here, east. They will spend the summer in Minnesota and Mrs. Riches will return here again this autumn. IDAHO ROOKS WIN MOSCOW, Idaho, May 22.—(P)—The University of Idaho Frosh edged out Washington State's greening baseball team today, 5 to 4, to close the annual four-game series on even terms. Each team won both its home games.

Boys' Derby Sponsored

SILVERTON—Boys' Down Hill Derby will be sponsored at Silverton again this year by the Rotary club. The date has been set for June 28 and all boys between 11 and 15 years, are invited to take part. Ralph Larson, secretary of the club, S. Parzy Rose and Lowell Brown are supervising it. The 1940 winner in the Silverton contest was Jimmy McEwen. SILVERTON—Mrs. John Demas is recovering from a severely cut leg and bruises, and Mrs. Josephine Lake from body and face bruises sustained Monday night when a car in which they were riding upset near Stayton. Mr. and Mrs. Demas, Ted Demas, F. M. Powell and his daughter, Mrs. Lake were on their way to Mary's Creek CCC, above Detroit to an American Legion entertainment. Mr. Demas lost control of the car just as he attempted to pass a truck, which unexpectedly turned left on a side road. The Demas car turned completely over and was badly damaged. The Demases returned to Silverton, but Mr. Powell and Mrs. Lake continued to Detroit with the Harry Humphries, Stayton.

Announcing PGE Rate Reduction

Bonneville Standard "Objective" Rate Plus 5% Surcharge in Salem

COINCIDENT with its application to the Public Utilities Commissioner for another reduction in electric rates in the incorporated cities and towns of Marion and Polk counties, Portland General Electric Company is inaugurating a new policy in electric rate-making. The new rate proposed by PGE will save residential and commercial customers in these counties approximately \$85,500 during the next twelve months. If approved by the Public Utilities Commissioner, this will be PGE's fourth reduction in residential and commercial rates in the areas affected since the first of 1940.

First Rates Under New Policy

The proposed rates will be the first schedules under PGE's "locality surcharge" policy. This policy will ultimately have far-reaching effects on electric service costs in the territory served by PGE. The new "locality surcharge" policy is in line with the rate-making policies of PUD's and municipalities distributing Bonneville power. For many years the Portland General Electric Company pioneered the theory of "postage stamp" electric rates, under which the cost of electric service was uniform in both cities and rural areas. These "postage stamp" rates aided substantially in building up rural territories.

Full Cooperation With Bonneville

Changing conditions have made the adoption of "locality surcharge" rates opportune. PGE's rural rates are now among the very lowest for large country areas in the United States. Also a new source of cheap energy—Bonneville dam—has come into operation, and PGE is buying every kilowatt-hour of Bonneville energy that it can obtain. PGE is cooperating to the fullest extent with the Bonneville administration in seeing that the benefits of cheap government power are spread throughout the 3000-square-mile territory served by PGE lines.

Each Community Can Earn Even Lower Rates

Under Portland General Electric's "locality surcharge" rate policy, each community will be given incentive to earn lower rates by increasing its use of electricity, and by helping keep down the costs of operation. Rates no longer will be uniform throughout the Company's territory, but will vary in the geographical subdivisions of its territory in accordance with the actual costs of doing business in each subdivision. In other words, each community will have the electric rates warranted by the use of electricity within that community and by other factors entering into the costs of serving the community.

Locality-Surcharge Rates to be Extended

Portland General Electric Company, in the summer of 1940, foresaw the necessity for taking the present step toward locality-type rates, and retained Professor F. O. McMillan, head of the department of electrical engineering of Oregon State College, to direct the necessary studies for the establishment of the new rates. These studies are partially complete and will continue under Professor McMillan's direction during the coming months. Locality-surcharge rates will be applied through additional PGE territory as rapidly as the McMillan studies are completed. These studies have been completed for Marion and Polk counties, and the new rates are being placed in effect in all incorporated cities and towns within these counties.

Bonneville Standard "Objective" Rates Plus Small Surcharges

In Aurora, Donald, Gervais, Hubbard, St. Paul and Turner, PGE will apply the Bonneville objective rates plus a 15 per cent surcharge. In Mt. Angel, Silverton, West Salem and Woodburn, PGE will apply the Bonneville objective rate plus a 10 per cent surcharge. The new Salem rates are based on the present Bonneville standard "objective" schedules, plus a locality surcharge of 5 per cent. This 5 per cent surcharge falls far short of meeting the tax burdens imposed by federal, state, county and city governments. The federal energy tax alone amounts to 3 1/2 per cent of your electric bill. No increases in present rural rates are being made.

Each Community Can Earn Even Lower Rates

Under Portland General Electric's "locality surcharge" rate policy, each community will be given incentive to earn lower rates by increasing its use of electricity, and by helping keep down the costs of operation. Rates no longer will be uniform throughout the Company's territory, but will vary in the geographical subdivisions of its territory in accordance with the actual costs of doing business in each subdivision. In other words, each community will have the electric rates warranted by the use of electricity within that community and by other factors entering into the costs of serving the community.

Locality-Surcharge Rates to be Extended

Portland General Electric Company, in the summer of 1940, foresaw the necessity for taking the present step toward locality-type rates, and retained Professor F. O. McMillan, head of the department of electrical engineering of Oregon State College, to direct the necessary studies for the establishment of the new rates. These studies are partially complete and will continue under Professor McMillan's direction during the coming months. Locality-surcharge rates will be applied through additional PGE territory as rapidly as the McMillan studies are completed. These studies have been completed for Marion and Polk counties, and the new rates are being placed in effect in all incorporated cities and towns within these counties.

Bonneville Standard "Objective" Rates Plus Small Surcharges

In Aurora, Donald, Gervais, Hubbard, St. Paul and Turner, PGE will apply the Bonneville objective rates plus a 15 per cent surcharge. In Mt. Angel, Silverton, West Salem and Woodburn, PGE will apply the Bonneville objective rate plus a 10 per cent surcharge. The new Salem rates are based on the present Bonneville standard "objective" schedules, plus a locality surcharge of 5 per cent. This 5 per cent surcharge falls far short of meeting the tax burdens imposed by federal, state, county and city governments. The federal energy tax alone amounts to 3 1/2 per cent of your electric bill. No increases in present rural rates are being made.
