

Industrials Show Gain

Closing Gains Range Above One Point; AP Average up

NEW YORK, June 9 (AP)—"Blue Chips" took the rallying lead in Monday's stock market and brought support for many other industrials.

While utilities, rails and oils inclined to hang back, steels pushed up in the final few minutes and closing gains for favorites ranged from one to two points, with a few isolated issues showing wider advances.

The Associated Press average of 60 stocks emerged with a net upturn of 4 of a point at 40.8. This was the best level for the composite since April 8. Slowdowns during the session were interspersed with lively periods when bidders seemed anxious and transfers totaled 440,040 shares compared with 327,570 Friday.

Prominent shares on the forward swing included Westinghouse, Du Pont, Allied Chemical, Eastman Kodak, Air Reduction, US Steel, Bethlehem, General Castings preferred, Chrysler, General Motors, American Smelting and Union Pacific.

New highs for the year were posted for Consolidated Aircraft, Great Northern Iron Ore certificates, International Paper preferred, Standard Oil of Ohio and Union Carbide. Aircrafts, farm implements, rubbers and mail orders managed to retain modest plus signs.

Unchanged to off a shade were NY Central, Great Northern, Texas Corp., Cerro de Pasco, Johns-Manville, Western Union, North American and Public Service of N.J. US Gypsum dropped two points.

Crates of Death in Nazi Depot

This photo, depicting workers in a German bomb storage depot, was seized by Nazi officials to "convince" the democracies that Germany is well supplied with death dealing bombs. Pictured are workers in the storage depot piling crates after crate in a veritable hill of horror. Each crate contains one bomb, propeller and all—except the fuse.

Wheat Prices See Advance

Best Figures Posted Since May 1940; Rains Affect Mart

CHICAGO, June 9 (AP)—Buying orders accumulated over Sunday and inspired partly by rain that soaked some sections of the wheat belt where harvesters should be at work gave wheat prices here a quick advance of as much as 2 1/2 cents at the opening.

Thereafter, the market labored within a range below early highs of \$1.03 1/2 for July delivery, \$1.05 for September and \$1.06 1/4 for December, best figures posted here since May, 1940. Profit taking, encouraged by an 8-cent upturn since last month and independent weakness of corn, unsettled the market and at one stage prices came within 1/4 of Saturday's close. The finish, however, was 1-1/4 higher than Saturday, July 1.02 1/2-3/4, September \$1.04-1.04 1/4.
