# Market Sees Early Rally

### **Buying Orders Heavy** at Start; Day's **Turnover Large**

NEW YORK, June 23 .- (AP)-Bullish interpretations of the German-Russiah war outbreak touched off one of the fastest early stock market rallies in more than a year but the spring soon lost momentum and initial gains of one to four points were substantially cut at the close.

Heavy buying orders at the start-blocks of 1000 to 7000 shares changed hands-were said to have been based on the theory that the Hitler smash at Stalin would give the democracies a "breathing spell" and enable the British to wind up for a successful attack on the nazis.

The skeptically-minded, however, began to cash in before midday to await tangible evidence that the bolsheviks could withstand the blast of the fuehrer's legions.

Oealings for the full proceeding totaled 754.140 shares. This was the largest turnover since June 10 and compared with 356,070 last Friday. The Associated Press average of 60 stocks held a net advance of .4 of a point at 41.8. It also was the best day's gain since June 10.

# **Paulus Returns** From Capitol

C. W. Paulus, managing agent of the hop control board, returned Monday to Salem from Washington, DC, where he has spent the past three weeks conferring with department of agriculture officials in regard to the administration of the hop marketing agreement and the 1941 problem.

At a meeting to be held in Portland July 12, the hop control board, made up of 16 members, will elect officers, estimate crop production and consider other items of business.

Wheat Soars; in Reach of Best Levels Since 1937; Corn up

CHICAGO, June 23.-(AP)-Grain prices soared as traders tried to evaluate economic and political aspects of the war between Germany and Russia, which apparently will involve at least part of the latter's huge cereal producing resources.

Wheat, of which Russia is the world's principal producer, soared as much as 41/8 cents at the opening bell, June to \$1.041/2, December to \$1.09. These were the highest prices since May last year and were only a few cents below the best levels since 1937.

Corn ran up as much as 3% cents at the start and soybeans almost 7 cents. Corn, oats, beans and lard futures were the highest in four years. " Despite heavy profit taking,

which pared gains sharply at times, wheat closed 21/2-27/8 cents higher than Saturday, June \$1.04-1.03%, September \$1.05%-5%.

# **Capacity Scales** Show Need of Attention

Recents tests of 60 large capacity scales indicate that scales of this type in Oregon, on the whole, are in serious need of attention. the national bureau of standards vehicle testing unit has advised the state agricultural department.

Two testing trucks, one carrying test weights of 10,000 pounds

and the other a load of 3000 pounds, are being used in connection with testing operations. The bureau has recommended that the state conduct the ve-

hicle testing work in Portland. The bureau reported that 75 here were out of tolerance. The state's big weights

Much of the fruit is hauled either to Woodburn or Salem canneries and is of exceptionally good quality. Rain, which has been a detriment to hay crops and cherries, has been of great benefit to vine fruits.

Growers so occupied include Frank Pickens, W. M. Oldie, S. C. Rickard, Marinus Schaap, Dwight Schaap, Robert Meyer, Conrad Gunderson, Robert Beer, Joe Neuvirth and Roy Dunn.
