

Firemen Take Part in Meet

Ask Protection Zones In Resolution to Be Presented Courts

DALLAS—At a regular monthly meeting of the Polk-Yamhill Counties Firefighters association, held at McMinnville Friday with the McMinnville department as hosts, a demonstration of fire fighting equipment in many different forms with the members of engine No. 1, engine No. 2 and the truck company all taking part was featured.

During the business meeting a resolution was drafted for presentation to the county courts of the two counties urging them to take the necessary steps to establish zones of protection under the authority given them in chapter 360, Oregon Laws 1941.

While the members of the association hold fast to the principle of the prevention of fires and effective means of fighting any outbreak they are also of the opinion that the municipalities who maintain fire departments should not be charged with the job of fighting a fire outside the city boundaries and that something ought to be done to establish some form of fire prevention and protection outside recognized city limits.

Special visitors at the meeting were Seth Thomas, state fire marshal, E. A. Taylor, chief deputy, Jack Hayes and M. J. Gilson, members of the fire marshal's staff.

In attendance from Dallas were Fire Chief Walter L. Young, Assistant Chief Fred B. West, Loren Wilson, Dave Moser, Paul Palmer, Glenn Wick, James Perry, Ralph Johnson and Frank Howard.
