

Fire Caused By Tractor

Nimrods Come Home With Salmon From Trip to Alsea

TURNER—The fire department was called out to the M. A. Hill farm south of Turner Wednesday afternoon where a backfiring tractor had ignited gas and oil that had leaked onto the ground where the tractor had been parked under a machine shed.

Flames leaping to the shed roof were quickly smothered by Hill before the fire truck arrived. Hill scraped dirt from the earthen floor of the shed and threw it on the base of the flames. Firemen arriving at the Hill home expressed appreciation of his quick action as nearby was stored a barrel of gasoline and had it exploded it would have endangered the residence and other farm buildings. There was no loss to the tractor or machine shed.

After a short business meeting the regular drill period was given over to work on the station Tuesday. Several of the firemen welding hammers and saws, constructed the large front door, which is to be hung on rollers on a track. The stairs leading to the upper floor will be completed soon. At the meeting several bills were allowed and routine business transacted.

A fishing trip to the Alsea over Sunday netted three Turner fishermen five salmon, the largest, a chinook weighing 27 pounds, came to the hook of Archie Rankin, Turner rural carrier. Balance of the catch were silversides with Rankin getting one, Mervin Pearson two and Homer Haggard one. Accompanying her husband on the trip, Mrs. Haggard spent the day at Waldport and other beach points.

Mrs. Elepha Bond left Tuesday for an extended visit at Berkeley, Calif., with her son and family, Mr. and Mrs. Alvin Bond and Suzanne. She expects to remain until after the Christmas holidays.

Mrs. Anna Farris has just returned from a several weeks visit in Monmouth with her son-in-law and daughter, Mr. and Mrs. F. B. McLaughlin, and at Wrenn with her son, Ray Farris and family. Sunday Mrs. Farris plans a trip to Portland, where she will be the guest of her son, Chris Farris, and visit her friend, Mrs. Nannie Fry, who spent several weeks at the Farris home recently. While in Portland, Mrs. Farris will also visit her nephew, Herbert Briggs, who has been ill for four months in a hospital there, but is improving so that soon he will be able to return to his home. Briggs is a graduate of the Turner high school and spent his boyhood here.

Jack Mabry, Unionvale, brother of Mrs. Delmer L. Barber, won first prize on his exhibit of threshed vetch seed, at the Yamhill county 4H club's fair held at McMinnville. He is a member of the agricultural class of FFA of Dayton high school.

Street Work Considered

Property Holders Vote for Improvement; Part WPA Funds

SILVERTON — Property holders on South Third and North First streets gathered Tuesday at the city hall to discuss the improvement of these two streets.

The meeting was called by City Manager E. K. Burton to ascertain the wishes of the residents in regard to the type of improvement desired. With the exception of one person present, the group expressed wishes for concrete as originally planned. A. J. Titus voted against the improvement.

The improvement is covered by a \$23,634 WPA project, of which the property holders will bear \$11,628. Indications were that the project would get under way by mid-October and that approximately 35 men would be employed.

Attending the meeting besides Manager Burton were Mayor and Mrs. Reber Allen and Norris Ames, representing the Ames estate, Rev. Edward Terry, Edwin Hamre, Olga Johnson, Grace Starret, I. L. Stewart, Ralph Larson, A. J. Titus, C. A. Hande, sr., E. I. Charlesworth, S. M. McClung, Mrs. Mary Jones, Howard Lee, Bert Reveall, Lloyd Moser and Henry Welty.

Lions club members went on record at their Tuesday night meeting favoring the privately owned building proposed as the new postoffice building for Silvertown.

Members stated that this was not at all in opposition to the present set-up but that they understood that postal requirements were such that the building used at present would not meet them.

As an entertainment feature of the meeting, Larry Carpenter and Dr. A. H. Smith showed their colored pictures taken during summer vacations.
