

Find Murdered Woman's Will

Continuing their investigation of the bludgeon murder of Mrs. Florence Stricker, 48-year-old Los Angeles heiress, authorities opened a safety deposit box which contained a will, \$15,000 worth of government bonds, bank deposits of \$15,000 and valuable oil and mine stocks. Above, Dr. George H. Stricker, the slain woman's husband, sits with eyes closed and head lying on his arm through the proceedings. Authorities arrested an ex-convict, now a movie scenario writer, for questioning in connection with the slaying.

WU Students Start Work, Await Game

Classes started Thursday at Willamette university, but student attention was directed to the opening football game with College of Idaho tonight and the first student body dance, following in the gymnasium.

At the end of the day which started their studying for the year, a majority of the over 500 students registered participated in the annual YM-YW formal reception.

Registrations in the college of law will reach over 30, Dean George McLeod said Thursday. All but a few of that number have already signed and the others are expected Monday. McLeod said the number has dropped off from the 46 of last year principally because of defense activities.

Freshmen, the new class of 1945, met Wednesday and selected Al O'Donnell of Oregon City as their temporary president, and Bill Habernicht of Salem as treasurer.

Second issue of the Collegian, weekly student newspaper, is slated to be on the campus early this morning, according to Editor Hale Tabor. First edition was published Monday.
