

Control Area for Protection of Onion Industry Is Proclaimed

Takes Effect On Wednesday

Control Methods for Dwarf Disease Told by State

Nearly 19,000 acres of onion-producing land in Marion county north of Salem will come under a control area for protection of the industry against introduction into or spread of the yellow dwarf disease of onions.

The order creating the control area has been drawn by the state department of agriculture following conferences with onion growers and a hearing. The regulation will be effective Wednesday, October 1.

The order sets up five points under methods of eradication and control.

First, no onions may be produced in the area except by planting of seed. This prohibits use of green plants, onion sets or bulbs.

Second, all onion culls and waste onions must be destroyed in such a manner as to completely prevent growth before March 1 or immediately after sorting in the case of any onions sorted after that date.

Third, all onions in common storage in which aphids is found may be removed from the control area before April 1 and storage houses completely cleaned of all onion bulbs. Onions in storage in which aphids are not found prior to April 1 will be subject to re-inspection.

Fourth, all onions remaining in fields within the area after harvest must be destroyed prior to November 1; and if any remain after this cleanup, same must be removed and destroyed before March 1.

And lastly, all onion bulbs remaining in seed producing areas within the control section must be removed and destroyed before November 1, 1941.

Dr. Kildare's on trial... for his freedom, his reputation and his future in "The People vs. Dr. Kildare" starring Lionel Barrymore, Lew Ayres, Laraine Day and Bonita Granville. Starting Sunday at the State theatre with "The People vs. Dr. Kildare" is "Billy the Kid" with Robert Taylor, Brian Donlevy and Mary Howard.

Stock Market Shows Balance

List Fails to Make Comeback of Relapse Of Thursday Session

NEW YORK, Sept. 26 (AP)—The stock market displayed a little better balance Friday after Thursday's relapse but the list as a whole was unable to do much on the recovery side.

Mild comeback tendencies appeared at the start. Light selling then cropped up here and there and scattered weak spots were in evidence around mid-day. A few rallies, coppers, aircrafts and utilities managed to edge forward in the latter part of the session although closing prices were irregularly lower.

The Associated Press average of 60 issues was off 2 of a point at 42.8. Of 71 stocks traded 298 were off, 207 up and 216 unchanged. Transfers dwindled to 486,380 shares compared with 1,169,090 the day before when prices were suffering one of their worst slumps of the year to date.

The treasury's advocacy of a 6 per cent ceiling on corporate profits as an anti-inflation measure remained the principal chilling influence for bullish forces, brokers said. While many in Wall Street felt strong opposition to the proposal was likely in congress, opinions were heard that taxes or other restrictions would be used to keep war earnings to slim proportions and thus handicap the ordinary run of shareholders.

The war news again left markets unexcited and business developments generally were without a great deal of influence.

Dow Chemical was a soft spot among stocks, dropping 8 1/2 points to a new 1941 bottom. The issue began to sink when rights for the

Turkey School Held Tuesday At Corvallis

Marion county, which ranks second in the state in the number of turkeys raised, will probably be well represented at the Oregon Turkey Improvement association school to be held at Oregon State college, Tuesday, according to W. G. Nibler, assistant county agent.

In preparation for the coming hatching season flock selecting and pullorum testing instruction will be given. Producers that expect to participate in the state improvement program and have their breeders approved or tested under official state supervision should be present, Nibler pointed out.

Starting at 10 a.m. at the poultry building, the program will include talks by officials of the college, as well as demonstrations.

According to the 1940 census Marion county had 19,919 birds on hand on April 1. Growers have been asked by Secretary of Agriculture Wickard to increase their production of turkeys in 1942 by 10 per cent.

Gervais Grade School Opens

GERVAIS—The grade school which opened Monday has 25 in the upper grades, taught by Mrs. Hal Chapman, Woodburn. A 4H club was organized Monday with Jack Lutz, president; Betty Lou Phillips, vice-president; and Ella Phillips, secretary. Meetings will be held the last period on Fridays.

Marjorie Nielsen has 21 in the primary grades. There are six beginners: Frankie Adams, June Leontar, Martha Ann Beringer, Marjorie Lutz, Viola Meyer and Charles Benner. Pupils that are newcomers to the district are Albert and Carol Calkins and Ruby and Rita Clemens.

Wool in Boston

BOSTON, Sept. 26 (AP)—(USDA)—Trading following inquiries was very spotty and mostly slow on the wool market at the week's end. Transactions were light. Sales scattered with dealers finding business confined to narrow channels for most grades so far as volume of sales is concerned. Prices were being maintained generally at a very firm basis. Orders continued to be placed in Australia for fine wools or import at unchanged prices.

Peas Sell Rapidly

PORTLAND, Sept. 26 (AP)—Otis peas sold rapidly on the Portland wholesale market Friday at \$3 box. Other peas brought \$2-\$3 box.

Grain Market Gain Slight

CHICAGO, Sept. 26 (AP)—Higher grain prices Friday reflected buying of dealers who sold short recently, purchases of mills and other processors, though not extensive, and a market background based on bullish implications of war-time inflation and the crop loan and lend-lease programs.

Although early gains of about a cent a bushel or more for grains and about 2 cents for soybeans were shaded later, due to profit taking and hedging sales, wheat closed 3/4-1/2 higher than Thursday, December \$1.21 1/2-3/4, May \$1.26-1.26 1/2. Corn was 1/4-1/2 up, December 81 1/2, May 87 1/2; oats 1/4-1/2 higher; rye 1/4 off to 1 up; soybeans unchanged to 3/4 higher and lard 3-10 lower.

A firmer tone of securities, weakness of which touched off Thursday's late reaction in grains, prompted some early buying of cereals.

The storage situation was blamed largely for the discounts at which actual grains are selling below futures prices. Cash grain men said the general spot market level is at the sharpest discount under futures in the past several years.

Shower Given At Lyons

LYONS—Mrs. William Prichard and Mrs. Francis Jungwirth were hostesses Thursday for a shower held at the community clubhouse honoring Mrs. Hugh Johnston.

Refreshments were served to Mrs. Johnston, Fannie Wilson, Mrs. Guy Prichard, Mrs. Paul Johnston, Mrs. George Huffman, Mrs. Everett Crabtree, Mrs. Paul Smith, Mrs. Albert Ring, Mrs. Ed Spa, Mrs. Ivan Day, Mrs. Mike Schwindt, Mrs. Percy Hiatt, Mrs. Oscar Naue, Mrs. Earl Allen, Mrs. Dell Westenhoe, Mrs. Bob Mobley, Mrs. Roy Huber, all of Lyons, Mrs. Linn Goodwin, Mrs. Wallace Bevier, and Mrs. Harvey Kanoff, Mill City, and the hostesses, Mrs. Prichard and Mrs. Jungwirth.
