**Early Upswing Hikes Commodity Issues And Industrials**

NEW YORK, Sept. 30.—(AP)—The stock market took a hitch in its belt Tuesday and stepped out of a generally unsatisfactory September on the rallying side.

An early upswing in commodities inspired bidding for industrial favorites and, while the former later lost rising vigor, the share division held gains of fractions to a point or so at the close. Even here best prices were reduced in many cases in the final hour.

Industrials led the advance. Oils were the liveliest but the majority failed to get anywhere in particular. Rails clung to minor plus signs while utilities were ragged. Dealings, fast at intervals in the morning, turned somewhat sluggish after mid-day.

The Associated Press average of 60 stocks was up .2 of a point at 43.2 but was off .6 on the month. Transfers of 475,180 shares compared with 397,960 the day before.

Prominent share gainers included Bethlehem Steel, General Motors, Chrysler, Goodrich, Montgomery Ward, Douglas Aircraft, Consolidated Aircraft, American Can, Du Pont, Allied Chemical, U. S. Gypsum, Johns-Manville, Anaconda, Western Union, Southern Pacific, Pennsylvania, American Sugar refining, Fajardo Sugar, Pepsi-Cola, Standard Oil (NJ) and Skelly Oil.

Dow Chemical was a laggard, along with Texas Corp., Consolidated Oil, Phelps Dodge, Consolidated Edison, American Telephone and Public Service of N.J.

**Fruit Prices Seen Even**

PORTLAND, Sept. 30.—(AP)—Wallula cantaloupes were priced 90 cents to \$1 wholesale Tuesday, Canby Spears 75-90 cents and a few fancy Dillards at \$1.65-1.75.

Mid-Columbia prunes were around \$1 apple box.

Concord grapes sold 50 cents hug.

Green peppers were priced 35 cents flat box and 90 cents to \$1 orange box.

Crabapples from Hood River were 65 cents full box. The general run of apples was around 80 cents to \$1 box.

# Hallock Law Is Revised

## Set-Up Bottom Illegal After July 1, 1942, Says State Ag Board

The set-up bottom berry hallock, which has been in use in Oregon for years, will be illegal after July 1, 1942, the state department of agriculture has decreed.

Under orders just signed, all 12-ounce hallock or cup-type containers except the raised bottom ones, will become standard containers for loganberries, raspberries and strawberries after the first of next July.

"This order has been made effective at some time distant in order to give an opportunity for use of existing stocks of material now on hand," Frank McKennon, plant division chief, explained.

The new regulation on berry hallocks was drawn this week as a result of opinions expressed at a hearing held in Portland the past summer.

# Woodburn Woman At Mt. Angel

MT. ANGEL — Mrs. Joseph Hortsch of Woodburn, who recently returned from a five-months visit with relatives in Minnesota, arrived here at the home of her daughter and son-in-law, Mr. and Mrs. Joseph Faulhaber, Saturday for a short stay.

Banns of marriage for Leonard Ficker, assistant-postmaster at Mt. Angel, and Eleanor Lang, Clifton, Kas., were announced at St. Mary's church here Sunday. The wedding will take place in Kansas, and Ficker, accompanied by his mother, Mrs. Mary Ficker, will leave for the east Sunday.

Florenz Dehler left Saturday for Ellensburg, Wash., where she will take a year's post graduate work in the normal school there. Miss Dehler taught at the Ferridge school near Stayton for the past several years.

# New Law Brings Worry to Cities Says Mayor, as Silverton Group Studies Budget for Six Months

SILVERTON—Silverton's one and only six-months budget was tentatively completed by E. K. Burton, city manager, and submitted to the budget committee, composed of six members in addition to the council members, at a Monday night meeting at the city hall.

Some time in October the budget will be presented to the citizens of the town.

Because of a new law changing the time of the city fiscal year, the budget will henceforth be prepared to serve from July 1 to July 1. This made it necessary to prepare a budget for the first six months of 1942 in addition.

"While this new law may help the school districts," said Mayor Reber Allen Monday night, "it certainly has worked a hardship on the cities, especially for the first six months."

Because almost four-fifths of all the bond payments at Silverton are due in the first half of the year, the budget covering this period must of necessity be more than half of the regular 12-month period budget. The law also requires a much more detailed budget than required in former years, and Manager Burton and Althea Meyer, who serves as both his secretary and as city treasurer, have worked steadily for several days and some nights, in preparing the budget for its Monday going-over.

As laid before the members of the committee the budget calls for total requirements for the first six months of 1942 of \$26,455.20. Last year's total budget estimated was \$43,896.79.

The proposed tax levy for the six months is \$17,769.45. Last year's total levy was estimated at \$29,949.51. The levies are divided as follows: general fund, \$6326; general road and street fund, \$1390; bonds and interest, \$18,764.20. The bond and interest item, the largest of the three, is chiefly from federal bonds, the committee said.

Added to the levies to make up money available for expenditures are revenues from delinquent taxes, \$8526; state liquor fund, \$80;

licenses and fees, \$260; rentals and sales services, \$50; street assessments, \$1000; country road tax, \$800; interest on sewage disposal plant bonds, which are self-liquidating, \$487.76; refunding bonds, \$4500; trustees certificates of depositors, \$574.78; fines, \$100, and armory rental, \$120.

Surpluses in funds from last year were negligible. New items added were small, including the codification of ordinances, ordered by the council at its September meeting, \$200; additional fire hose, \$280; equipment rental, \$100, and another \$100 item for the proposed WPA project on Oak street.

Serving on the budget committee were Tom Anderson, Ed Banks, I. L. Stewart, Carl Hande Jr., Merlin Conrad, Norris Ames was absent. The city council includes E. L. Starr, Lowell Brown, J. W. Jordan, L. F. Tucker, Jack Fish and Al Coote.

# Wheat Market Still Rises

CHICAGO, Sept. 30.—(AP)—Wheat futures were again in demand Tuesday and prices rose for the eighth consecutive session to within a cent and a quarter of the season's top. The upturn attracted profit-taking sales just before the close, however, and about half the day's gains were erased.

Wheat closed unchanged to ½ cent above Monday's final levels, December \$1.23¼-1.23, May \$1.27-½-½.

The department of agriculture reported the September 15 parity price of wheat at \$1.211, compared with the mid-August level of \$1.193. Wheat immediately rose at the opening under buying by commission houses and at the top for the day May contracts touched \$1.23¼ at which point selling held the upturn in check and the volume of trade slackened off. The new wheat price at Chicago would figure about \$1.38 if based on 100 per cent of parity and around \$1.50 on 110 per cent.

Beans were generally 4-4½ cents pound although some fancy stuff sold 5 cents. Shell beans were 50-65 cents lug.

Cabbage moved at 90 cents to \$1 crate generally with red sorts 80 to 85 cents.

The general run of carrots was 20-25 cents dozen bunches, beets 30-35 cents and turnips 35-40 cents.

# Salem Man Takes Part in New Campaign

Charles S. McElhinny, Salem underwriter, has joined the home office of the Oregon Mutual Life Insurance company in the first insurance promotion program of its kind ever launched.

At a time when the government is actively encouraging all forms of thrift, McElhinny and the Oregon Mutual Life are inaugurating an expanded program for promoting thrift through life insurance. Principal feature is enlarged use of local newspaper advertising.

McElhinny won the home office's cooperation by reason of his earning membership in the company's Leader's club. Membership is awarded to underwriters on the basis of their volume of business and thoroughness of service to policyholders.

"Salem and other similar communities are achieving greater recognition as important buying centers," McElhinny pointed out. "Our headquarters staff realizes that communities like this, are relatively just as important as the metropolitan centers."

# Change of Potato and Cabbage Grades Asked

A hearing to consider revision of Oregon potato and cabbage grades at its Klamath Falls office on Friday, October 10, at 2 p.m. has been announced by the state department of agriculture. The proposed revisions are in line with recent revisions in US grades on these commodities.
