

Stock Market Still Scared

Fails to Recover in Dull Day; Air Stock Soars on Dividend

NEW YORK, Oct. 10 (AP)—The stock market Friday found it impossible to reduce the pressure of its recent scare over the Russian situation and move toward recovery goals.

After Thursday's 6 of a point decline the Associated Press 60-stock composite held unchanged at 41.8. Transfers showed no buoyancy, totaling 485,020 shares against Thursday's 717,410.

Wright Aeronautical soared up 6 points on the announcement of an \$8 dividend, or double the previous payment. Most of the stock is owned by Curtis-Wright. The latter, in turn, declared a dividend of \$1, also a 100 per cent jump over the previous payment, and this issue moved up a fraction in active dealings.

Likewise in demand was Consolidated Aircraft whose earnings for the eight months to Aug. 31 were reported at \$5.57 a share against \$2.30 a share earned in the full year 1940.

Closing higher were General Motors, Chrysler, U. S. Steel, Bethlehem, U. S. Rubber, Boeing, Glenn Martin, Dow Chemical, Southern Railway and Texas Corp. Backward were Du Pont, Allied Chemical, Eastman, Johns-Manville and General Electric.

Grain Market Buying Seen

CHICAGO, Oct. 10 (AP)—Stability returned to the grain market Friday and prices tried to rally as traders displayed more composure regarding Russian war developments following Thursday's upset.

Grain men interpreted war news as at least no worse than Thursday. Furthermore, the lowest level of prices for the past several weeks encouraged some buying on the part of commercial and consuming interests as well as dealers who sold "short" recently.

Wheat scored maximum gains of 1/2 cent, corn 1/4 cent, soybeans 1/4 cent, rye 1/4 cent, and soybeans 1/4 cent. Although not all of these gains could be maintained, wheat closed unchanged to 1/2 cent higher compared with yesterday, December \$1.18 1/4, May \$1.23 1/4.

Wool Trade for Week Is Spotty; Prices Firm

BOSTON, Oct. 10 (AP)—The Commercial Bulletin will say Saturday:

"Trading in wool in the seaboard markets this week has been slow and spotty but prices are firmly maintained. In the west, about 5,000,000 pounds of wool have been moved, chiefly in Texas, New Mexico and Wyoming at firm rates. A little wool has been sold in the bright wool states at 1 to 1 1/2 cents less than a week ago.

"Foreign markets are very firm, with fair purchases for this market. Purchases of wool for this country in Australia to September 30 are officially reported at 179,564 bales.

"The piecegoods market is overshadowed by government purchases. Brig. Gen. C. S. Corbin, assistant quartermaster general of the United States, states to the wool editor of the Commercial Bulletin that the wool goods program of the government is well in hand; that all the blankets necessary for the current fiscal year have been procured and that further quantities of supplementary fabrics for the balance of the year will be announced probably before the first of the year, although recent rumors of 25,000,000 yards or more are exaggerated.

"General Corbin also stated that the supply of wool in the hands of the industry at the present time are sufficient to carry us through to the end of 1942 without further importations, at the present rate of consumption. He recommended the entire wool industry for the manner in which it has supported the government program and at the same time restrained prices."

Mud Cuts Celery Supply, Price up

PORTLAND, Oct. 10 (AP)—Very muddy fields cut the supply of celery on the East Side farmers' wholesale market Friday, providing a firm market and brisk demand at 85 cents crate for Utah type. Celery root was 60-65 cents dozen bunches.

Root vegetables moved well, but at no advance in price. Watercress brought 60 cents, parsley and mustard greens each 20 cents dozen bunches.

Bean Prices Erratic

PORTLAND, Oct. 10 (AP)—Bean price trends were very erratic on the Portland wholesale market Friday, ranging from 3/4 to 6 cents pound for Blue Lake variety of exactly the same quality. Most sales were 4 cents. Youngs brought 3 1/2-4 cents pound and shell stock 50-55 cents lug. Limas were 55-90 cents lug.
