

Stock Market Close Mixed

Late Selling Jumbles Recovery Attempt as Volume Is Lifted

NEW YORK, Oct. 20 (AP)—Stocks tried to continue the recovery push in Monday's market but ran into enough late selling interference to produce a mixed close.

There were a few weak and strong spots when the final gong sounded although price variations generally were in negligible fractions. Dealings were sluggish during the greater part of the proceedings but several big blocks of low-priced utilities helped lift the volume.

The Associated Press average of 60 stocks was unchanged at 41. Transfers totaled 618,990 shares compared with 670,101 in the previous full session.

Atlantic Gulf & West Indies common and preferred were up 2 1/2 and 1 point, respectively, at new 1941 highs, as reports of possibly boosted dividends were heard. The better position of the petroleum industry gave Standard Oil (NJ) a gain of a point. Du Pont was up 1/4.

Ahead modest amounts were Southern Pacific, Santa Fe, Southern Railway, Great Northern, Atlantic Coast Line and Chesapeake & Ohio. Mounting traffic and revenues brought support for this group.

In arrears were Anaconda, Kennecott, Sears Roebuck, United Aircraft, Air Reduction and International Harvester.

Community Clubs

LINCOLN—The first fall meeting of Lincoln community club will be held at the local schoolhouse, Friday at 8 o'clock.

Mrs. L. L. Mickey, teacher, and the pupils are to be in charge of the Halloween program arrangements.

HAYESVILLE

The first meeting of the Hayesville community club was held Friday. The "jintney supper" netted the club about \$30 dollars.

Prizes for the amateur program were given to Robert Saucy, Laura Lou Newton, Gloria Parker, Claire Nelson, Mrs. W. Griffith and Paul Andersen.

SALEM HEIGHTS

An estimated 300 attended the first community club meeting at the hall Friday, enjoying the program and visiting the booths set up and operated by the various organizations of the community.

The money raised from each booth went to that sponsor's treasury, so all organizations shared in the take. Several old mattresses were requested for a tumbling mat for the school, also extra tools for training work were asked.

Club Takes Member

SILVERTON — John Moe, hop grower, has been announced as a new member of the Silverton Rotary club.

Death Takes

Harry M. Daugherty

Death takes Harry M. Daugherty, 61, former U. S. attorney general and leader of the president-making "Ohio gang," who died at Columbus, O., of congestive heart failure. Daugherty died in relative obscurity, embittered by prolonged investigations and prosecutions of the Harding administration during the Teapot Dome scandal.

Grain Market Starts Weak

CHICAGO, Oct. 20 (AP)—Unsettled and nervous because of the disturbed international situation, grain prices displayed marked weakness Monday.

Uncertainty was apparent from the outset of trading. Talk had been current in the board rooms and on the trading floor that prices should start about steady with Saturday's close. Instead, steady and persistent selling forced prices backward until losses of 2 1/2 cents a bushel were marked in wheat during the first 10 minutes.

The retrogression was a steady affair with prices yielding 1/4 and 1/2 cent at a time. However, a rebound of about a cent a bushel left the market hovering, almost inactive, the greater part of the remainder of the session. Shortly before the close, however, selling orders appeared in volume and the day's biggest price breaks, approximately 3 cents a bushel, were noted. A minor rally absorbed about a cent of the loss.

Wheat closed weak and 1-2 1/2 cents a bushel below Saturday's final quotations, December 1.12 1/2-1/4, May 1.16 1/2-3/4.

Federal Farms Comply With Program

To conserve the soil and the fertility of the farms owned by the Federal Land bank and the Federal Farm Mortgage corporation, all acreages seeded on these farms in 1942 will be in compliance with agricultural conservation program allotments, J. J. Sechrist, Salem, secretary-treasurer of the National Farm Loan association serving Marion county, announced.

"Not only will this keep the farms in the best productive state possible until the properties can be returned to family ownership," Sechrist said, "but just as important, it will mean that the operators of these farms will be able to cooperate with the food for defense campaign."

In the first nine months of 1941, nine sales of properties owned by

Farmers Mart Supply Heavy

PORTLAND, Oct. 20 (AP)—Supplies were heavy on the farmers wholesale market Monday and there was a generally good call on most of the offerings.

Some purple cauliflower from Trousdale brought \$1 a crate with the regular No. 1 stock bringing 80-90 cents. A few sales were down to 65-75 cents.

The bean market displayed a wide range with sales of virtually the same quantity recorded from 3 to 7 cents pound for green stock. Younts were generally 5-6 cents pound. Limas were 65-75 cents lug.

Tenant Purchase Applications Available

Tenant purchase applications for Marion county are still being accepted by the Farm Security Administration, John Tweed, chairman of the Marion county tenant purchase committee, announced.

Tweed reports that two and possibly four families will be chosen during the coming year to purchase farms with loan funds received under the department of agriculture's tenant purchase program. The funds, from the Bankhead-Jones act, are at 3 per cent interest and may be repaid over a period of up to 40 years.

Applicants granted the tenant purchase loans must be tenant farmers, sharecroppers, or farm laborers, he pointed out. They are to be American citizens who have sufficient farming experience, or farming background to qualify them as operators of a new farm, and must be unable to secure credit to purchase a farm from other sources.

Preference is given to heads of families and to those desirous of becoming permanent settlers in the community where the farm to be purchased is located. Past community activities will be considered as well as the amount of farming equipment owned by the applicant.

Applications now on file at the

Farm Security office will be viewed by the secretary of agriculture. Members of this committee will view the applications and make recommendations for final approval of the loans, Tweed pointed out.

The committee includes Tweed, Central Howell; Ray Glatt, Woodburn; and George Tate, Sublimity.

Those interested in securing a tenant purchase loan should file application at the Farm Security office located in the old high school building, 480 North High street, Salem.
