Stock Market **Leaders Down**

Heavy Tobacco Taxes And Dividend Slash Unsettles Session

NEW YORK, Oct. 27-(AP)-Stocks furled their recovery sails in Monday's market and leaders backed water fractionally to more than a point.

The tax spectre cast its shadow on the tobacco group and breaks of 1 to 10 points among these issues had much to do with unsettling sentiment.

The Associated Press average of 60 stocks fell .3 of a point at 41. Transfers totalled 478,800 shares compared with 699,310 last Friday when the direction was upward.

Hitting tobacco stocks was the announcement of President George W. Hill of American Tobacco that, because of heavy taxes, he had recommended the regular quarterly dividend of \$1.25, paid for nearly a decade, be cut to 75 cents in the final three months of 1941.

American Tobacco Common and "B" opened more than an hour late off 81/4 each on blocks of 3000 and 1000 shares, respectively. The former ended down new year's lows along with Reynolds "B." Liggett & Myers Common and "B" also were off substantially.

Prominent losers included General Motors, Montgomery Ward, Boeing, United Aircraft, Westinghouse, Dow Chemical, Allied Chemical, Du Pont, International Harvester and American Smelting. Rails, utilities, coppers, oils, rubbers and motors were comparatively narrow.
