Pattern

The young and fluid lines of Pattern 4912 lead the shirtwaister parade! It was designed by Anne Adams, of course, to fit into a home or office background with easy grace. Watch these details rise in the fashion barometer — three-quarter sleeves, plunge neckline, set-in belt, invisible pockets set in the front skirt seams! Those two skirt panels are responsible for the slimming effect of this frock, and there's additional flattery in the shallow shoulder yokes cut in one with the back. The back is cut in two main pieces, which shortens sewing time. So does the practical Sewing Instructor which illustrates every dressmaking step! Short or long sleeves and top-stitching are optional like the pockets.

Pattern 4912 is available in misses' and women's sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 takes 2 1/2 yards 54 inch fabric.

Send fifteen cents (15c) in coin for this Anne Adams pattern. Write plainly size, name, address and city number.
