Gov. Charles A. Sprague's office staff members said they knew the executive, who was in southern Oregon on state business, would be gravely shocked to hear of Mr. Bishop's unexpected demise. The governor was expected to return to Salem this afternoon.

All members of the Bishop family had reached Salem Tuesday night with the exception of three grandchildren, Morton, who is attending school in the east, Mrs. James F. Reville, Washington, DC, and William H. Bishop, who was en route north from Los Angeles.

Born in Contra Costa county, Calif., September 23, 1854, Charles P. Bishop was brought into the Oregon country two years later by his parents.

On the Linn county homestead near Brownsville where his father, W. R. Bishop, erstwhile California miner and farmer, centered his activities as farmer, preacher and teacher, the boy developed a considerable reputation as a farmhand but was determined to go into business. His public schooling was acquired at nearby

At the age of 20 he went to work for Kirk & Hume, early years with that firm and two years with the Brownsville Woolen Mill company preceded his entry into the firm of Glass & Bishop in Crawfordsville as junior partner. Six years later he undertook operation of a store in McMinnville, where he remained for another six years before coming to Salem 50 years ing.

He served as a member of the state senate from 1915 In 1907 he opened a branch

store in Portland, which he later sold to Ben Selling.

In keeping with the wish of his mother who as Elizabeth J. Adams had crossed the plains into California by ox team in 1846 with her parents, he retained throughout his lifetime his membership in the Cumberland Presbyterian church. However, the Salem First Presbyterian church considered him an active communicant in the organization he helped support and whose service he regularly attended. He was a member of the Salem Elks and the Masonic lodge.

Early this fall he had observed his 87th birthday, and later with Mrs. Bishop had celebrated their 65th wedding anniversary. The golden anniversary of the store he founded was also an event of autumn, 1941.
