### Pattern

The new vogue for the supple, longer-waisted look is interpreted by Anne Adams in this two-piece frock that is so practical and young! The blouse of Pattern 4915 buttons, down the front and is becomingly gathered at the center panels. The three-quarter sleeves are new too - or make them full length or short. The skirt is gracefully cut in only three sections, which shortens sewing time. Why not plan two versions of this frock, and use the transfer motif on the jacket of one? The leaves may be appliqued and the stems embroiderer, or the whole design embroidered in easy stitches. The other frock might have a contrast skirt, a tiny collar. Pattern includes Sewing Instructor.

Pattern 4915 is available in misses' sizes 12, 14, 16, 18 and 20. Size 16, three-quarter sleeve dress, takes 4% yards 39 inch fabric; long sleeve dress 2% yards 54 inch fabric.

Send fifteen cents (15c) in coins for this Anne Adams pattern. Write plainty size, name, address and style number.

### More Space at Dinner Table

A piece of plywood, a little larger than the table, will add extra space at the holiday dinner when put over the regular table. If it's only a few inches larger, no "anchoring" will be necessary, but at least one extra place may be added. If the plywood is too large, it must be braced from underneath by nailing on thicker boards to stiffen and keep it in place.
