Gooding and C. J. Gooding, route one, Woodburn, 7,000; and Harry L. Hagen, route one, Hubbard, 5,000 pounds.

Scio Sees Effects Of Weekend Storm But Damage Light

SCIO — Telephone poles and trees were blown down in the Scio area last week during high wind storms, and electric service was briefly interrupted Saturday night.

Water courses spilled over roads in a few instances, but traffic was not halted in this immediate vicinity, and no damage to highways has been reported.

Small logging outfits under direction of the Hammond company in the Snow peak area southeast of Scio have suspended work during this week because of weather hazards.

The state secondary highway through Elliott lane south to Crabtree remained above rising waters that inundated pasture land in that area. The highway, recently regraded and surfaced, had been under several feet of water during previous winters.

Turner News

TURNER — Alvin Bond, Berkeley, Calif., who is employed by the US agricultural department, has been on a tour of conferences at Corvallis, Portland, Pullman, Wash., and Phoenix, Arizona this month.

He is the son of Mrs. H. S. Bond, is a graduate of Willamette university and formerly taught in the Turner high school. Mrs. Bond is spending several months in Berkeley with her son and family and has visited in Alameda with her brother, George Waller and wife.

Girls of Turner high school have organized a volley ball team and chosen Edith Schifferer and Jean Ball as their captains.

Three Turner girls that graduated in June from the local high school are employed at the state tuberculosis hospital. They are Opal Bower, Virginia Metcalfe and Lavina Dow.

Mrs. Anna Windom is visiting several weeks in Albany with her son and family, Mr. and Mrs. Harvie and daughter, Lois. She is attending the three weeks evangelistic meetings at the Albany Christian church conducted by Rev. Gene Robinson, pastor of the Turner Church of Christ. Harvie is an instructor in the Albany schools.

Nearly \$40 was realized from ticket sales of the operetta presented by the high school girls with a cast of 30 participating.

Taking leading roles were Emogene Farrell, Edith Schifferer, Ruth Bones, Pearl Hogged, Arlene Peterson, Margaret Juul and Beverly Webb. Mrs. J. O. Russell and Miss Adelaide Ketchum were directors.

Earl Bouché and Orrin Schollian have returned to their homes here after being employed at Hermiston for several months in defense work.

Dairy feed, 80-lb. bag	1.75
Hen scratch feed	2.25
Cracked corn	2.25
Wheat	.90 to 1.00

New Pontiacs Well Received Official Says

Surveys made in a large number of cities to test the reception given to 1942 Pontiac cars by the public have been very favorable, according to D. U. Bathrick, general sales manager of Pontiac Motor division.

"Unquestionably the public likes the new Pontiacs," said Bathrick. "Having expected little in the way of change they are greatly surprised to find the cars restyled and actually improved mechanically."

"The increase in prices seems to offer little in the way of a stumbling block in the majority of places," he said. "Doubtless, they expected the rise and many were surprised that the increase was not greater."

"Many reports show as large crowds and as much interest as last year, with considerable actual buying. This has been particularly true in the larger cities and in the prosperous defense production areas. In small towns and non-defense communities the crowds have been smaller and interest has lagged."

"Doubtless business will follow that pattern pretty much throughout the model year. I rather look for sharp division in market reaction. In the prosperous defense areas there should be a sellers' market while in the smaller and the non-defense sections of the country we will probably have a buyers' market."

"It is really too early to tell which type of market will predominate, but it seems logical that one or the other—buyers' or sellers' markets—will have the weight to tip the scales of national sales one way or the other. And when we know that we will know whether or not it is going to be easy to sell the curtailed production cars."

"There is one disconcerting note that needs further educational effort to correct. That is the belief of quite a few people who have gained a wrong idea about time payment purchasing. They seem to think that it is no longer possible to buy on time. That cash is required now in full for the purchase of a car. Of course that is incorrect. The terms permitted are one-third down and the balance in convenient monthly payments. And as in the past the old car will make up the down payment in trade on many sales."

Arrangements of Flowers Shown

HAZEL GREEN — The Hazel Green garden club met at the home of the president, Mrs. Ralph Worden for the semi-monthly meeting.

A number of floral arrangements suitable for a Thanksgiving table were shown. Mrs. Hattie Van Cleave and Mrs. Andrew Zaharae tied for first place. A prize will be awarded the winner of the larger number of firsts. Bouquets of shrubs will be judged December 27.

Mrs. Howard Edwards of Salem will be hostess. Mrs. Homer McWain will talk on "How to Conduct a Flower Show."

A special guest was Mrs. J. R. Worden. Members attending were Mrs. Andrew Zaharae, Mrs. Louis Wampler, Mrs. Minnie Dunigan, Mrs. William McClell, Mrs. Howard Edwards, Mrs. Charles Olson, Mrs. Hattie Van Cleave, Mrs. Ralph Worden and Mrs. Alvin Van Cleave.

Census Shows Decrease

GERVAIS—B. E. Barnes, clerk of school district No. 76, reports 147 children of grade school age in the district, a slight decrease over last year.
