Stock Market Gains Slight

Rails Lead Session; Low Priced Issues, **Swell Volume**

NEW YORK, Nov. 21-(AP)-The stock market came back from its Thanksgiving Friday and, while its digestive mechanism seemed a bit loggy at times, it revived in the final hour to post gains of fractions to a point or so for fav-

Rails were in front throughout, apparently reflecting a contraseasonal increase in last week's freight loadings and growing belief the carrier wage dispute was due for quick settlement.

Although many leaders refused to do much in the way of extending Wednesday's recovery shift and minus signs were plentiful at the last, The Associated Press average of 60 stocks ended with a net advance of .2 of a point at 40.

Large blocks of low-priced issues, apparently liquidated for tax purposes, helped lift the volume to 853,840 shares compared with 800,960 in the preceding session. Southern Railway Preferred

pushed up to a new year's top. Others ahead included Santa Fe, Union Pacific, Chesapeake & man Kodak, Douglas Aircraft, United Aircraft, American Airlines, Chrysler, Goodrich, US Rubber Preferred, Montgomery Ward, International Harvester and General Electric.

Grain Market Unsettled

CHICAGO, Nov. 21-(AP)-Postholiday trading in grains lacked vigor Friday and, as a result, price changes were small but soybeans fell as much as two cents at one period, which helped to unsettle the entire market.

Uncertainty over price legislation, war developments and American and Japanese talks in Washington kept grain traders on the sidelines much of the time, without any major developments over the holiday to stimulate business. All cereals showed small gains or losses at times. Wheat closed % lower to ¼ higher compared with Wednesday, December \$1.1438-14, May \$1.1934-58.

Grain men said the most significant development over the holiday was the sale of 2,000,000 bushels of Canadian wheat to the United Kingdom.

Trade Reported Fair On Wholesale Market

PORTLAND, Nov. 21-(AP)-Despite Thanksgiving Thursday, trading was fair on the East Side Farmers' wholesale market Friday although there was no rush to buy.

Spinach was in keen demand to meet customers' desires for green stuff. Sales were made to 75 cents orange box.

Cabbage sales also were good, chiefly around \$1 crate. Green broccoli was in scant supply and sales nominally were 60-65 cents dozen bunches. Brussels sprouts also were firmer at 90-95 cents box in spots.

to \$1.60 crate and hearts firmer to higher at \$1.00-25 dozen bunches.

By Quinn Hall Potato Trek Survey Billed

Agriculture Bureau OSC Professor Scan **Marketing Problems**

Further study of the condition in which Oregon potatoes reach the retail markets in the San Francisco region will be carried on for two weesk starting November 22, the Oregon department of agriculture announces. The survey, a continuation of one started last spring in Portland and carried on briefly in the California city, is being conducted jointly by the state department of agriculture and Dr. D. B. De-Loach of Oregon State college. Russell Hume of the Portland branch office will represent the department in the sampling to be done.

determine changes and factors causing them in the condition of Potatoes in the period between the shipping point and the retail markets or consumer. Dr. DeLoach will summarize

the results of the entire survey for release to the public some time after the added study has been completed.
