Increased Vegetable and Fruit **Production Subject for Parley** A state conference to lay plans a garden on practically every

for an Oregon victory garden pro- rural farm and home tract." gram has been called to meet at Those in charge of plans for

Those in charge of plans for the Corvallis January 17 under the sponsorship of the OSC extension service, the state USDA defense board, and the state civilian defense council, William A. Schoenfeld, dean and director of agriculture, announced.

The details of the conference are being handled by the extension service at the request of USDA officials, who recently held a national conference on this subject in Washington, DC. Representatives of statewide agricultural organizations and other agencies and professional groups are being invited to send delegates to the state conference.

"Greatly increased production"

Those in charge of plans for the conference emphasized the fact that the victory garden propagate that the victory garden propagate to the fact that the victory garden propagate to the state cuyling of the conference gram for this war will seek to fact that the victory garden propagate to the fact that the victory garden propagate to the state cuyling of the conference gram for this war will seek to the wasteful misson avoid many of the wasteful misson was will seek to fact that the victory garden propagate to the fact that the victory garden propagate propagate to the fact that the victory garden propagate propagate to the state cuyling of the wasteful misson wasteful misson wasteful misson will seek to fact that the victory garden propagate to the state civilian defect that the victory garden propagate to the state civilian defect that the victory garden propagate to the state civilian defect that the victory garden propagate to the state civilian defect that the victory garden propagate to the state civilian defect wasteful misson will seek to seek to wasteful misson will seek to the wasteful misson wasteful misson will seek to walley clover, \$12 ton; the valley clover, \$12 ton; t

By Quinn Hall Stock Market Fears Taxes SHAKE A LEG ??

Trading Light With Most Issues Down: Coca-Cola Drops

The OREGON STATESMAN, SALEM, Oregon, Friday Morning, January 9, 1942

NEW YORK, Jan. 8 -(AP)-Stocks were under the handicap of further tax fears Thursday and market leaders operated at lower GRAIN, HAY AND SEEDS levels throughout.

While a few shipbuilding, rubber, utility and specialty issues showed modest plus signs, losses of fractions to a point were far in the majority at the close, with isolated setbacks of 2 to 5 or so in evidence.

Activity tied up on the retreat. Transfers of 532,900 shares compared with 629,570 Wednesday and were the smallest for a full session since October 27. The Associated Press average of 60 stocks was off .6 of a point at

Softness of American Telephone - this "blue chip" was down 5% - contributed to the pessimistic market tinge, brokers said. The stock had recently come back about 20 points from its low reached just after Christmas. Coca-Cola hit a new bottom for

1941-42 as the suggestion was heard that sugar rationing might cut sharply into soft drink profits. Sears Roebuck and Montgomery Ward backtracked. Steels, rails and coppers were relatively narrow.

Prominent stocks in the rear ranks included Bethlehem Steel, bus Corp., Third Avenue Rail-Westinghouse, Du Pont, Union way, International Mercantile Ma-Westinghouse, Du Pont, Union way, International Mercantile Ma-Carbide, American Can, Texas rine, Newport Industries, Good-Tory wools sold in limited quantities at \$1.00 to \$1.12, scoured basis, and half-blood French combing length fine territory wools sold in limited quantities at \$1.00 to \$1.08, scoured basis.
