US Big Bombers Scoring Hits

Four-engined Boeing bombers like these, pictured in flight, cooperated with American naval units in the large-scale attack upon a huge Japanese convoy in the Macassar straits, separating Borneo from the Celebes in the South Pacific, bringing to at least 11 the number of enemy vessels sunk by forces of the U.S. in the Borneo area. Fighting off attacking Jap fighter planes, seven of the "flying fortresses" sank one transport, set fire to another and shot down

five enemy planes. Cross Word Puzzle
