Pattern

Never before has there been such flattery for the larger figure as you get in Anne Adams Patterns! Take Pattern 4772, for instance—those of you whose waist is NOT ring-sized will find the extra inches disappear when you don this frock. The effect is achieved by a lowered waist seam pointed above the center skirt panel—the slashes just above the waist complete the giraffe effect. Four jewel buttons march up to the tiny revers, which are so pert! (You may make them of contrast). The waistband continues in back for a sleek look—the skirt is evenly flared all around. Follow the Sewing Instructor while you work, to get every detail right—choose three-quarter sleeves if you like, and do select a gay print like this!

Pattern 4772 is available in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 takes 3 3/4 yards 39 inch fabric. Send fifteen cents (15c) in coins. Write plain SIZE NAME, ADDRESS and STYLE NUMBER. Send your order to The Oregon Statesman, Pattern Department, Salem, Oregon.
