# Stock Market **Trading Even**

#### Selected Stocks Rise Slightly on Bidding For Industrials

NEW YORK, Feb. 26-(AP)-Selected stocks attracted enough bidding to keep Thursday's stock market fairly well balanced.

Rails were soft most of the time but steadied at the last. Santa Fe touched a new 1941-42 high with a gain of 134 and Union Pacific tacked on a point on a few sales. Aircraft and specialties did moderately well while Steels, Motors, Rubbers, Coppers and mail orders held to an exceptionally slim groove.

Recently weak oils and soft drink issues revived on the thought these may have been oversold notwithstanding tanker sinkings, dwindling of private gasoline consumption and the sugar shortage. Modest comebacks here were staged by Standard (NJ), Texas Co., and Coca Cola.

The Associated Press average of 60 stocks managed to post a net advance of .1 of a point at 36.7. Of 644 issues traded, 263 were up, 189 down and 192 unchanged . Dealings were sluggish throughout but picked up a bit in the final hour. Transfers totaled 353,200 shares compared with 339,130 Wednesday.

Douglas Aircraft was up 11/4 in further reflection of its record earnings figures. Johns-Manville and US Gypsum were ahead about United Aircraft and International Nickel.

dated Edison, International Harvester, Union Carbide, Eastman Kodak, Dow Chemical and American Smelting.

#### Women Register In Scio Area

SCIO - Voluntary registration of women in the two Scio precincts to date totals approximately 125, according to Mrs. P. W. Schrunk, committee chairman. Questionnaires have been executed at the home of Mrs. W. P. Goulding. Registration should be completed not later than February 28, the chairman announces.

Scio auxiliary hospital funds recently have been augmented by \$20.55 contributed by the Jordan Farm Union. A Red Cross Sewing class is making surgical gowns and envelopes for rubber gloves. Compresses and gauze dressings numbering 250 have been completed and sterilized and have been stored for emergency use.

Dr. A. G. Prill heads the hospital staff and stresses that while hospital equipment is being donated, the institution still needs several articles.

### U-Boats Widen Caribbean Raids

Air view of Port of Spain, Trinidad

kis submarines have increased their activity in the Caribbean, their range of attacks. While new submarine attacks were of at Aruba, in the Dutch West Indies Curacao colony, two re damaged by explosions, apparently caused by U-boats, off Port of Spain, Trinidad, British possession off the north coast of Venezuela. U. S. acquired a base on Trinidad in the destroyer swap of 1940. Port of Spain is a city of approximately 35,000 population. It is 600 miles east of Aruba.

## By Quinn Hall Dairy Output **Shows Gain**

Oregon creameries manufactured 17,110,000 pounds of butter, tured 17,110,000 pounds of butter, highest to that time, in the first six months of 1941, says a report issued jointly by the agricultural marketing service and the state department of agriculture.

Output of dairy products for the entire year has not been compiled, but presumably the last six months will show ever larger gains.

grade 39c in parchment wrappers, 40c in carton.

Butterrat—First quafity, maximum of 38½-40c lb.; premium quality (maximum of 35 of 1 per cent acidity). (maximum of 36 of 1 per cent acidity.) (maximum of 36 of 1 per cent acidity). (maximum of 36 of 1 per cent acidity). (

gains.

In the six-months period, cheddar cheese production increased

of sweetened condensed whole milk (case goods), all pure gain over the previous period; but there was a 25 per cent drop in production of unsweetened evaporated whole milk, figure for which was 15,337,000 pounds. Bulk goods skimmed, unsweetened condensed milk was greater.

Declines were found in the production of dried skim milk for human food and in dried whey

Portland Produce

dar cheese production increased 16 per cent and Swiss cheese, 10 per cent over the first half of 1940. Cheddar cheese output in this state was 12,482,000 pounds; Swiss cheese, 103,000 pounds, but manufacture of cottage cheese dropped almost 50 per cent, indicating the war-time diversion.

Considerable shift was noted in the output of condensed products, which showed gains on the whole. Plants turned out 8,377,000 pounds of sweetened condensed whole milk (case goods), all pure gain
