Charles Lovett, 21 (left), and Edward Testerman, 23, are shown after they surrendered to a posse a few hours after they killed an FBI agent and wounded another in a gun battle in Abingdon, Va. The two army deserters were trapped in a basement and forced out by use of tear gas.

### No Increases Set for Rates

#### Commission Reduces Farm Rate, Sets Two New Ones

There will be no increase in any of the rate classifications under the workmen's compensation law during the coming fiscal year, the state industrial accident commission announced Thursday.

Commission members said the announcement was made possible because of the increased rate of pay and increase in employment and by the amendment to the workmen's compensation law which requires a minimum fee of \$10.

The commission reduced the rate for general farming from \$4.60 to \$4 per \$100 payroll. It was estimated that 5000 farmers would be affected by this reduction.

A new rate for home construction, designed to cover the low cost home in defense areas, also was announced. This type of construction formerly was included in building erection, for which the rate was \$7 per \$100.

The new rate for general farming will become effective July 1, 1942, and the rates on the new classification, residence construction and military cantonment and barracks construction, are in effect as of March 14 this year.

"Due to increased employment and high wages prevailing during the past year the commission has been able to build up the reserve funds required by the law so that at this time the fund is in good condition," commission members said.

The commissioners added that they anticipated no difficulty in taking care of the increased benefits provided for in the 1941 legislative amendment, which becomes operative July 1.

The new benefits will apply only to workers who are injured on or after July 1, the commissioners said.

### Only One Position Vacant, City Ballot; Four File for Council

Only one position on the city ballot was without a candidate Thursday night and at least one former alderman from ward six was known to be considering entering his name for that post.

Residents of his ward, which covers a large portion of the east side of the city, have asked him to seek the place now held by Phillip H. Holmes, Fred Williams said when questioned. Holmes has declared that he is not able to devote to the position the time it should require. He was appointed to serve out the unexpired term of Glenn Gregg when Gregg moved from the city.

Both Howard Maple and James M. Clark of the seventh ward Thursday filed notices of their candidacy. Only two-year term on the council is that post now held by Clark, who succeeded Dr. Armin Berger.

Frank P. Marshall of the second ward, who had previously refused to announce his intentions, and Claude H. Jorgensen, newest council appointee who has been filling the third ward vacancy left when George Belt joined the army, also filed notices Thursday.
