Piano for Use Of Service Men Here Is Sought

A usable piano, available for the duration, is sought by the Federated Music clubs of Salem as a loan to US army men stationed in the Salem area. The chaplain of the group will call for the instrument and will see that it is placed in the music room used by an army orchestra, where it will be protected from weather or damp atmosphere, officers of the club decalred Friday.

Programs presented recently by the clubs for army men have been made possible by the loan of instruments for a day or two at a time, but now one that need not be moved is sought, and good care is promised, Mrs. Jessie Bush Mickelson said. Would-be donors can call Mrs. Mickelson at 3282.

M M Club Notes

Hear Ye! Hear Ye! The town crier speaks. Today marks the beginning of a new chapter in the history of the Mickey Mouse club. Superman has joined hands with Mickey Mouse. Each Saturday, in conjunction with our regular stage show, we will hold a meeting of the "Superman Junior Defense League of America." This is not a new club, but merely a part of our original Mickey Mouse organization. Time and space prohibit full details, but they will be given on the stage of the Elsinore theatre today during our regular stage show. The chief of police will be here to receive one of the first honorary memberships. There are many big and imjortant contests in store for you. For example, a tin can drive, a rubber drive, and many other activities vital to our national defense. This new part of the Mickey Mouse club will be sponsored by Schoen's Salem Baking company.

MMC

The Mickey Mouse club presents for its stage show today an entire dance revue. Today at 1 o'clock the curtains will part and "Mother Goose Land" will be in full swing.

Air Raid Wardens Get Charts Showing Duties Upon Warning

Three thousand charts explaining various air raid precautions light warnings have been prepared for distribution through classes for all air raid wardens, County Defense Coordinator Bryan H. Conley announced Friday. Yellow, blue and red lights and the white light which means "all clear" are shown on the charts.

The light signals will be based upon word flashed from the lookout posts to the army interceptor command, thence to the secret warning station and on to the control center, location of which is also secret.

The yellow light will be signal for certain key wardens over the county to be ready to act immediately if the action warning comes. This preliminary caution will come to the key wardens in the brief telephone message: "air raid message yellow."

The second stage of caution and like the yellow confidential to those who receive it will come with the blue light. The blue light with its telephone message which will go to all defense workers means that all unnecessary lights should be put out at night.
