Stock Mart **Drops Again**

Pessimistic Outlook Puts Average to New Low

NEW YORK, April 17-(AP)-The stock market Friday reaffirmed its pessimistic appraisal of the French situation and some elements of the domestic economic picture by another downward step to the lowest average levels since April 28, 1933.

At the close losses in the key departments ranged from fractions to 2 or more points. Numerous stocks established new bottoms for a long stretch of years. The Associated Press 60-stock composite fell .5 of a point to 32.8

Its last rise was on April 6. Trans-

against 262,720 Thursday. Among stocks posting new lows were Bethlehem Steel, Youngstown Sheet, Westinghouse, General Electric, Johns-Manville, Eastman Kodak, American Airlines, Boeing, American Telephone, Anaconda, Kennecott and Southern

Giving up a point or more were American Can, DuPont, Allied Chemical, Philip Morris, Owens-Illinois, US Gypsum, Montgomery Ward, Sears Roebuck, Caterpillar Douglas Aircraft and Sperry.

Selling Puts Grains Down

CHICAGO, April 17-(AP)-A fresh outburst of selling, although not as severe as that which hit the market Tuesday, pushed wheat prices downward as much as 11/2 cents Friday to the lowest quotations posted here since late last November.

Other grains sagged with wheat, and soybeans tumbled more than 2 cents. Corn was near lows since early in February, rye lowest since early in January and soybeans reached figures unequaled since the second week of Janu-

Selling was inspired largely by weakness of securities and cotton prices as markets reflected disturbing developments in Franco-American relations. The decline in wheat ran prices into levels at which there were resting sales orders to check losses.

Wheat closed 11/4-11/2 cents lower than yesterday, May \$1.19-1.19%, July \$1.21%-1/2.

Milk Pool **Gets Study**

The OREGON STATESMAN, Sciem, Oregon, Saturday Morning, April 18, 1942

The Oregon milk control board has called a second hearing at the Benton hotel, Corvallis, April 21 at 10:30 a.m. to receive additional evidence in testimony pertaining to the creation of a cantonment milk pool for Camp Adair, announces Robert E. Rieder, acting county agent.

Matters to be further considered will be production and marketing areas, pooling regulations, quotas, prices to producers and purchasers, transportation, processing, distribution and any other factors involved in the setting up of a pool fluid milk to the military cantonment.

Any Marion county farmers interested in supplying milk or learning more of the details in connection with supplying milk for this cantonment should plan to attend the meeting.
