### Hearing Set For Today On Assault

Preliminary hearing has been set for 2 o'clock this afternoon in Salem justice court for Stanley John Willner, 20, allegedly admitted to state police Monday night in Eugene that he had struck Martin Berg, state industrial school engineer, over the head, robbed him of his watch and money and thrown his body beside a road near the girls' school.

A charge of assault and robbery when armed with a dangerous weapon with intent to kill or wound was filed against Willner on Tuesday and he was arraigned before Justice of the Peace Joseph Felton here shortly after his arrival from Eugene. Willner, who told officers he was en route south from Seattle when Berg offered him a ride, is a resident of St. Paul, Minn., and is said to have a reformatory record in that state.

At Salem Deaconess hospital Tuesday Berg's condition was reported little changed since Monday morning, which led attendants to believe his chances for recovery had increased.

National American Legion headquarters is well satisfied with the training of air raid wardens in Oregon and other defense activities. Owen said the Legion has prepared some unusual training films and slides on air raid warden duties and these will be made available to Oregon posts for use in supplemental training of air raid wardens in cooperation with defense councils.

The universal service bill now before congress was endorsed by the Legion committees, Owen declared. This resolution was written by Niel R. Allen, Grants Pass, past department commander and vice-chairman of the civilian defense committee of the Legion.

### Civil Defense Staff Class Work Begins

Classes in first aid and general staff instruction for personnel in Marion county civilian defense offices are starting this week, Bryan H. Conley, county coordinator, announced Tuesday.

Designed to train workers to meet federal and county requirements for staff corps insignia, the classes for which registrations are now open will be available to some persons other than those now working in the council's offices, Conley said.

Training to meet first aid requirements is to be provided in classes held Wednesday and Thursday nights at 7:30 in the Salem laundry building, with Mrs. Phoebe Busick as instructor.

Ed Colby, liaison officer for the defense council, is to supervise the general instruction classes beginning at 7:30 Tuesday night, May 12, at the chamber of commerce.

Because a number of persons who formerly donated time have moved from Salem, additions to the staff are to be made, Conley said. Men and women between ages of 18 and 50 years may register for the work. Preference is to be given those now helping the council in various capacities, but consideration will be given to the application of any person seeking to enroll in either first aid or general instruction classes, it was declared at defense council headquarters.
