Steels, Motors Lead Recovery of Fractions

NEW YORK, May 5-(AP)-Irregularly higher tendencies ruling in the stock market Tuesday, with steels, motors and specialties ace counting for recoveries of fractions to a point or more.

Recently buoyant utilities on the big board inclined to waver at the start and rails, aircrafts and coppers were in difficulties the greater part of the time. While plus marks were well distributed at the close, numerous issues finished under water. Dealings were sluggish.

The Associated Press average of 60 stocks was up .2 of a point at 33.6, after being unchanged Mon-

Transfers totalled 272,900 shares against 259,711 Monday. Of 590 individual stocks traded, 227 were up, 177 down and 186 unchanged.

The British initiative at Madagascar aided sentiment to some extent, brokers said, although the news of war and business generally provided scant speculative or investment inspiration. Bidding, list was due to further technical improvement because of its lengthy retreat.

Lesser advances were retained by US Steel, Bethlehem, National Steel, General Motors, Chrysler, American Can, Du Pont, Philip Morris, Westinghouse, US Rubber, American Telephone, Standard Oil (NJ), Armstrong Cork, American Tobacco "B," Oliver Farm and Montgomery Ward.

# **Stock Trend** Is Reversed

CHICAGO, May 5-(AP)-Moderate short covering operations in the final minutes of trading Tuesday reversed the downward trend in wheat and corn futures and prices of virtually all deliveries closed at or near the day's best

Throughout the session prices clung to a stubbornly narrow range, fractionally under Monday's closing levels. Veteran traders said the reaction was a natural one after five successive sessions of higher prices. The volume was meager and most traders seemed inclined to take a position on the sidelines, awaiting some definite Produce Exchange trading incentives.

# By Quinn Hall City Council **Plans Revision** Of Ordinances

The OREGON STATESMAN, Salem, Oregon, Wednesday Morning, May 6, 1942

SILVERTON - Nineteen city ordinanees, up for their first reading, kept Mayor Reber Allen, City Manager E. K. Burton, City Attorney Rex Albright and six councilmen in the city council chambers Monday night until well towards midnight. The ordinances were revised from old ordinances, combining a number of the same topic. They are a part of the codification project of the League of Oregon Cities.

Regular business as well as the month's special business also came up for consideration. Included was a raise of \$15 a month to Charles M. Watson, park caretaker. Mr. Watson works during the summer months and now gets \$75 a month.

Mayor Reber Allen appointed his budget committee for the coming budget meeting to include Tom Anderson, Norris Ames, M. F. Conrad, Ed Banks, C. A. Hande, jr., and I. L. Steward.

The council members recommended that W. L. McGinnis' application for a beer license for the city ball park be granted. Mr. McGinnis is manager of the local ball team.

Alf O. Nelson appeared before the city council asking if the city could do anything to further the obtaining of a stage line between Silverton and Salem. Council members referred Mr. Nelson to the chamber of commerce.

Victor Grossnickle, chief of police, was present and thanked council members for courtesies shown him during his term as police. Mr. Grossnickle has resigned and will enter the serv- ject at the April meeting of the for three chairs.
