

Stock Leaders Fall Fractions

Recovery Swing of Two-Weeks Length Meets Opposition

NEW YORK, May 12—(AP)—The recovery swing met opposition in Tuesday's market and leaders generally backed away fractions to a point or so.

Dealings were too light to make the reaction of much importance, brokers said, and blame for the retreat was placed mainly on timid profit taking after more than two weeks' virtually uninterrupted rally.

The list developed considerable hesitancy at the start, with recently climbing steels and motors giving ground. While scattered plus signs were sprinkled over the ticker tape at the close, depressed stocks finished near the day's bottoms.

The Associated Press average of 60 issues was off 2 of a point at 34. Transfers totaled 249,200 shares compared with 290,650 the day before.

In addition to cashing in on the lengthy upturn, optimism over the war news seemed to have faded to a certain degree as a market stimulant. Many customers also stood aside to await further federal economic restrictions and more light on the forthcoming tax program.

Republic steel dipped 1 1/2 points to a new 1942 low when directors declared a 25-cent dividend against 50 cents paid in April. Conservation of working capital for possible wage and tax emergencies was the reason given for the cut.

Twentieth Century-Fox was the liveliest performer, turning over in blocks of 1000 to 6000 shares and ending unchanged at 9 1/2.

In new low ground for the year were Bath Iron Works, Philco Corp., General Steel Castings preferred and NY Air Brake.

Grain Futures Feel Losses

CHICAGO, May 12—(AP)—Wheat and corn futures were under pressure throughout the session Tuesday, losing as much as a cent and 1/2 cents respectively at times. In a last minute closing, prices rallied to around the day's best levels, but were unable to equal Monday's final quotations.

Rye and soybeans also were sharply lower with wheat, but oats showed independent strength.

Final prices for wheat were 1/4 to 3/4 cents under the previous close, May \$1.21 1/4, July \$1.24 1/4, and September \$1.26 1/4. Corn closed unchanged to 1/4 lower, May 87 1/2, July 90-90 1/2, oats 1/4 to 1/2 higher; rye 1 to 1 1/4 lower; soybeans 1 to 2 cents off; and land unchanged at the ceiling levels.

Uniform Potato Grades Considered

Agricultural officials of Oregon and Idaho held a conference at Ontario Tuesday for the purpose of adopting uniform potato grades. Gov. Charles A. Sprague announced.

The meeting was called by Governor Sprague because of confusion in the Snake river valley where potatoes from the two states are handled by the same dealers. Oregon uses United States grades while Idaho has its own grades.

Uniform grades would tend to soften trade restrictions between the two states, the governor declared.

J. B. Newport, Idaho commissioner of agriculture, referred to Governor Sprague's proposal as a splendid one.
