with a neat two-hit job.

You figure that one out. The first piece of Spokane's "new deal" will report to the Indians today at Spokane. Seattle has optioned Earl Torgerson to the Jacobs-clan.

Clark's Reason Why

Clark Shaughnessy, the famous "Model T Cinderella man," who made the sudden shift from Stanford to Maryland, says the reason for his surprise move was simply because he "was unwilling to go on teaching football as a form of spectator recreation. Recreation is fine, but there is no recreation to be found in a gun or bayonet now." Shaugnessy believes football

will fit the war program to a "T." so to speak. "Football is essentially a form of war, involving body contact, speed, precision, strategy and a set of tactics. It also involves being knocked down and knocking the other guy flat. But football limited to 50 players loses its value. It is a sport in which every boy can be taught to block, tackle, fall, jump and work in unison with other boys. To me, it is the best group preparation for military service that can be found.

"Maybe I'm prejudiced, but I think the "T" formation is the perfect tool for our purpose of having as many turn out for footcause it places no premium on ing they are going to meet Wil- Phil. ...... size and gives the little fellow lamette, Whitman's Missionaries a chance."

## **New Suits for Solons**

Our Senators may or may not win a lot of ball games on the road trip they're now on, but they'll not have to take a second to any club in the league for personal appearances. The club decked out in "new" road uniforms-at least new last season to the Wenatchee Chiefs. The classy grays were purchased recently, and those of you who remember just how the Chiefs were attired last summer will also recall that said attire was considerably unlike their actual playing. The suits are nifties.

At least the suits were 100 per cent better than those the boys have been wearing. It has been said from many sources that the fans in the Spokane bleachers had a lovely view of Clint Cameron's sliding pads, etc., after Clint slid once in the series over there.

The new suits will at least save an adhesive tape bill, too, as most gether-they had to be taped.
