NOW SHE SHOPS "CASH AND CARRY"

Without Painful Backache Many sufferers relieve nagging backache quickly once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with stinging and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 million of kidney trouble sufferers get waste from your blood. Get Doan's Pills.

Industrial Payroll One-Third Above 1941 for State

Oregon's industrial payroll during the first four months of 1942 was boosted almost a third over that for the corresponding period in 1941, the state industrial accident commission reported Thursday.

The increase was attributed to the expansion of war industries.

The payroll for the four months totals \$88,055,034, compared to \$60,377,635 in the first four months of 1941.

Multnomah county, which has more than half of the industrial payroll in the state, reported industrial paychecks aggregating \$48,831,545. This was almost double the \$24,150,027 figure for the first four months of last year.

Wages of the state's industries in April totaled \$22,731,503, compared with \$16,300,004 in April, 1941. Multnomah county's industrial payroll in April was \$12,322,786 as against only \$6,491,786 in April a year ago.

WU Seniors Begin Final School Days

Willamette university centennial commencement week began officially Thursday morning with annual senior chapel ceremonies in Waller hall taking the place of the regular chapel program. Missing for the first time in many years was Dr. James T. Matthews, Willamette's "grand old man," whose talks to the graduates have become a tradition. Dr. Matthews was unable to appear because of the death of his wife, Mrs. Rebecca Matthews, Wednesday night.

Bob Voigt, Salem, president of the class, spoke to the assembly of the accomplishments and hopes of the class of 1942 and introduced Dr. R. Franklin Thompson, who spoke in Dr. Matthews' absence. He closed his talk with Dr. Matthews' traditional admonition to "be honest, be kind and be good. And may God bless you."

Next week, several clay tablets, which will include a brief description of Willamette's first century with symbols of the past and future and quotations from the Bible and Shakespeare, will be buried under a grove of sequoia trees being brought from California for planting on the campus. Pres. Carl S. Knopf has arranged for shipment of the trees and Nadine Orcutt, senior art student from Salem, made and fired the tablets.

Business Men May Secure Commissions

A large number of college-trained business men were made eligible yesterday for commissions as administrative officers in the United States naval reserve by further expansion of the navy's program, it was announced by Comdr. A. J. Byrholdt, director of naval officer procurement for the 13th naval district.

Commander Byrholdt said an unlimited number of applications for these commissions will be received at the office of officer procurement, 117 Marion street, Seattle, and that applicants who are accepted will be assigned to administrative posts in shore offices within the 13th naval district.

"Qualified men will be given a chance to serve their country as commissioned officers in work similar to which they are already accustomed," Commander Byrholdt said. "Previous naval, military or sea experience is unnecessary. All applicants, however, must be college graduates. No others will be considered."

Any type of degree from an accredited college or university will be accepted, however, if the candidate can produce satisfactory evidence that he has had sufficient executive experience in civilian life, he said.

Applicants must be under 50 years of age and able to pass a thorough physical examination, he added.

Ward Chosen State President Of Finance Officers Group

GRANTS PASS, May 21—(AP)—The Oregon Finance Officers association conferred its presidency on C. C. Ward, Salem, Thursday night as the joint convention with the League of Oregon Cities was told that Local governments play a vital role in national solidarity. Ward is clerk-business manager of the Salem school district.

James M. Landis, director of civilian defense, in a message read to the convention, called for cities to gear their civilian defense programs to those of villages.

"Urban sophistication and rural horse sense must join hands. This is particularly necessary along the Pacific coast. Defense groups in all communities must be ready to lend aid to neighboring communities in instances of catastrophe. Lagging towns must be brought up to standard by advanced ones. Each community must become a part of a system, and all hope of developing such a program of mutual aid is found in the city official."

During Thursday's session financial problems brought on by the war received much attention.

W. M. Bartlett, state director of the public work reserve, opposed lowering taxes at this time and warned that political candidates who promise lower taxes and postwar planning propose the impossible because "the two don't go together."

Other officers elected by the finance group included Will Gibson, Portland, first vice president; W. M. Sylvester, Hood River, second vice president; Mayor R. E. Riley, Portland; Mrs. Grace Schiska, Eugene; Mrs. Ruth Bathiany, Klamath Falls; Charles Burnett, Portland and Gault Patton, Seaside, all directors.

Sub Officers Outwit Japs

Sporting the whiskers they grew on a daring submarine trip to the Philippines are (l. to r.) Lieutenants Fred A. Gunn, Fred J. Harlinger and Harry L. Woodworth. Under the command of Lieut. Comm. Frank W. Penno, Jr., the trio above, and the crew of an American sub, stole into Manila Bay under Jap guns before the fall of Corregidor and carried away tons of silver and gold and securities from the rock fortress.
