

Allied Raids Boost Stocks

Leaders Gain Up to Three Points; Some New Highs Set

NEW YORK, June 4 (AP)—Persistent aerial blasts at Germany more than offset the Japanese bombing of Dutch Harbor as a market factor Thursday and leading industrial stocks extended Wednesday's last-minute runup by fractions to around 3 points.

There were a number of new year's highs posted during the day. Among these were General Motors, Chrysler, Goodyear, US Rubber, Pepsi-Cola, American Can, Montgomery Ward and Pan American Airways.

The Associated Press average of 90 stocks held an upturn of 4 1/2 of a point at 35.4, duplicating Wednesday's recovery. Transfers of 524,300 shares compared with 334,020 the day before and were the largest since May 21.

Du Pont moved up 2 1/4 in the face of a federal grand jury's indictment of this company, together with other explosive manufacturing concerns on charges of violating the anti-trust laws.

Prominent on the day's bulge were Allied Chemical, up 3/4; Dow Chemical, up 3/8; Union Carbide, up 2 1/4, and Philip Morris, up 2.

Lesser plus marks were held by US Steel, American Telephone, Santa Fe, American Tobacco, B. S. Sears Roebuck, Woolworth, International Harvester, Johns-Manville, J. C. Penney and Consolidated Edison.

On the offside were NY Central, Pennsylvania, Great Northern, Western Union, Goodrich, Anaconda and International Nickel.

Seed Growers Should Order Cotton Bags

Marion county growers of winter legume seed crops yesterday were advised by W. M. Tate, chairman of the county USDA war board, to contact their dealers immediately and order the cotton bags they will need to package this year's seed crop.

The war production board has allocated 7,500,000 yards of Osmaburg material to bag manufacturers to make approximately 6,000,000 agricultural bags, the chairman has been informed. This material, available for immediate delivery, has been diverted from war purposes to make bags for seed and other crops in the northwest.

Because of time limitations on the supply of bags that any firm can have on hand, manufacturers and distributors alike have been hesitant to take delivery of bags and material without having definite orders for bags, the chairman said.

Unless material set aside for seed bags is used by manufacturers very soon, it will be used for war purposes or diverted to other areas for grain bags, Tate has been informed. Several instances of manufacturers failing to accept bagging material offered have been reported, he said.

"Every county grower who has not already done so should order the bags he will need at once, or a serious situation may arise at
