

Stock Market In Doldrums

Average Unchanged as Transfers Fall; Gainers Few

NEW YORK, June 11.—(AP)—Important international news developments Thursday found the stock market generally unresponsive. The direction of the list was cloudy at the start and, while many leaders tacked on modest fractions in the latter part of the proceedings, losers were plentiful at the close.

The Associated Press average of 60 stocks was unchanged at \$5.8. Dealings tapered off and transfers for the full proceedings totalled 281,910 shares compared with 313,300 Wednesday.

Among issues retaining small plus signs were Chrysler, General Motors, Southern Pacific, Great Northern, Montgomery Ward, Sears Roebuck, US Rubber, Goodyear, International Harvester, Westinghouse, General Electric, Du Pont and United Aircraft.

Liggett & Myers "B" and Douglas Aircraft fell 2 points each and Union Pacific was off 1 3/4. Less casualties included Santa Fe, Allied Chemical, Philip Morris, Deere, North American and Johns-Manville.

American Telephone regained its equilibrium in the wake of Wednesday's drop of 3 points attributed to dividend apprehension. It finished up 1/4 at 167 3/4, after opening 6 hours and 45 minutes late.

The market stalemated was exemplified by the fact that, of 584 individual stocks traded, 199 were up, 198 down and 187 unchanged.

Wheat Rally Loses Drive

CHICAGO, June 11.—(AP)—A burst of strength carried wheat up more than 2 cents a bushel at one time Thursday to the highest prices in two weeks but much of the gain was lost before the close.

Washington reports were responsible for the rise and subsequent fall. Senate agriculture committee recommendation favoring legislation that would make mandatory government crop loans at parity, instead of 85 per cent of parity, touched off the buying, in which professional interests participated. Later, a report that the senate would insist on legislation to permit sale of government owned wheat for feed caused selling. Profit taking appeared on the reaction, with July wheat's high of \$1.20 1/2 about 5 cents above last week's low.

Wheat closed 1/4 cent higher than Wednesday, July \$1.19 1/2, September \$1.21 1/2. Other grains, depressed earlier in the session by the government crop report indicating large wartime harvests are in prospect, rose with wheat and then reacted.

Buy Feed Now, Is Advice Given. Marion county farmers are urged to order feed supplies now. W. M. Tate, chairman of the county AAA committee, yesterday pointed out that wheat prices under the feed wheat program can be expected to advance shortly to the new loan value.

Bing Cherries Appear

PORTLAND, June 11.—(AP)—Bing cherries were offered on the farmers' wholesale market Thursday for the first time this season. A small supply of good size and quality, coming from Bingen, sold at 12 cents pound.

Fruit Harvest Outlook Good

Government Reports Show Favorable Prospects

WASHINGTON, June 11.—(AP) Prospects for a favorable harvest of apples, peaches, pears and cherries, fruits rich in vitamin content, were indicated today in the agriculture department's monthly crop report.

The June condition of the apple crop in commercial areas was 68 per cent of average compared with 65 per cent a year earlier and a six-year average of 64 per cent.

"Bloom in most important areas was all that could be desired this year," the report said optimistically. The 1942 pear crop was forecast at 29,303,000 bushels, one per cent lower than last year but eight per cent above the ten-year average.

In important areas, except California, growing conditions were reported favorable during May and the set of the fruit was said to be good. Bartlett production in the Pacific coast area was estimated at 14,850,000 bushels compared with 15,558,000 last year.

Prospective production of peaches in 1942 was estimated at 67,418,000 bushels, about nine per cent less than last year's bumper crop but about 23 per

cent above the ten-year average. Indicated production of all varieties of cherries in the commercial states was placed at 183,590 tons — 13 per cent above last year, and 30 per cent above the average.

In the west, bumper crops of cherries in the Pacific coast states more than offset relatively small crops in Idaho, Colorado

and Utah, the report said. The Washington crop was estimated at 26,600 tons, Oregon production at 23,700 and California at 29,300.

The department said indicated production of sour cherries was materially above the 1941 crop in New York, Michigan, Washington and Oregon.

Care of Milk Is Stressed

SALEM — Necessity for better protection of milk and cream by dairymen, due to transportation problems resulting from the war, was stressed by the state agricultural department here this week.

Extra caution in cooling, sterilization of cans, keeping cans covered and other processes necessary to keep milk and cream in best condition, was urged.

The following rules were suggested: Cool milk immediately, placing it in a tank of cold running water and stir it often.

Don't mix warm milk or cream with cold milk or cream. Keep milk cool. Cover the container with wet burlap. If milk or cream is delivered to the roadside while waiting for truck, provide a covered stand.

Milk cans should be covered

Produce Mart Prices

PORTLAND, June 11.—(AP) Strawberry prices advanced a trifle at the farmers' wholesale market Thursday as the best 12s brought from \$1.35 to \$1.40 with \$1.25 low level.

Pears were fully steady around 7 1/2 and 8 cents pound for the best with demand good. Lettuce was slow but sales were mostly \$1.00 to \$1.25 crate. Rhubarb was steady around 60 cents box. Spinach ranged from 80 to 90 cents.

Aparagus prices were up around \$2.85 to \$3.00 pyramid as supplies lagged. Raspberries, also in small offering, were around \$1.75 for 12s. Some seed potatoes were priced at \$2.25 cental.

Prices for bunched stock by the dozen: Carrots to 50 cents, beets mostly 60 cents, turnips 70 to 80 cents, green onions to 35 cents, radishes mostly 25 cents, Swiss chard to 30 cents, water-cress to 80 cents.

with wet burlap or other suitable covering while en route to town on trucks.
