Elliott Hayes, son of Mr. and Mrs. Jesse T. Hayes, 200 South 22nd street, fireman second class, United States navy, is on shore leave in New York. He attended the movies one night in New York City and on the newsreel saw Curly's horse drawn milk wagon. A coincidence was that the picture was taken in front of the first house Hayes lived in when he came to Salem. His brother, Royal, is a cook in the US army and has been sent to the Hawaiian Islands. The brothers graduated from Salem high school in 1940 and played on the football team.

PORTLAND, June 20—(AP)—Navy enlistments announced here Saturday included: McDonald C. Dwaney, Corvallis; John W. Donahy, Salem.

FORT ORD, Calif., June 20—Corp. Howard D. Raynor, son of Mr. and Mrs. W. H. Raynor, 2150 South Summer street, Salem, was promoted Saturday to his present rank from that of private first class, according to his commanding officer.

Mr. and Mrs. J. Leslie Davis, 3095 Portland road, have received word that their son, Joseph Warren Davis, private first class with the medical corps reserve, has been transferred to Fort Sam Houston, Texas, where he will take three months training as a laboratory technician with the army medical school. He has been taking training as an army nurse.

Mrs. Irene Macdonald, 920 Mill street, has received word from the war department that her grandson, Verne Nicholas Dairey, USN machinist mate, first class, is a Japanese prisoner on the island of Zentsujiskokoku.

Dairey was stationed on the island of Guam. He had been in the navy for 13 years. He has a three-year-old daughter in New London, Conn. A sister is in Glendale, Calif. The war department information was based on word received by the American Red Cross.

Where They Are What They're Doing

MONMOUTH—Anthon Riney, son of Mr. and Mrs. J. B. Riney, Monmouth, will be graduated this weekend from a course in advanced aeronautics at Luke Field, Phoenix, Ariz. He enlisted last year. He was graduated from Oregon College of Education in 1940 and taught one year near Klamath Falls. He was active in athletics and earlier in 4H club work.

Miss Bessie Christensen of Warrenton will become Riney's bride at a military wedding after his graduation. Miss Christensen is also a graduate of OCE. She taught for a time in Coos county and the past year has been attending the University of Oregon.

Mrs. Riney, mother of Anthon, with Miss Christensen and the latter's mother, left here by automobile Wednesday morning for Phoenix. Mrs. Riney will visit friends and relatives in Los Angeles and other California points before returning.

WHAT WOMEN PREFER IN DENTAL PLATES

Statistics reveal that 23 out of 25 denture patients place appearance first and comfort next.

DR. PAINLESS PARKER SAYS:

"Two factors—looks and wearing efficiency—are available in the new lightweight, gracefully designed plates. Because of its adaptability and quality of faithful reproduction, the transparent material now used in making dental plates has won universal acceptance of dentists."

USE ACCEPTED CREDIT

—pay by the week or month

Here is a plan by which you can budget your dental payments on terms to suit you. Make your first visit without appointment—start your dental work immediately, pay later. Extractions, fillings, inlays, crowns, bridge work and plates. Whatever dental service you may require.

IS YOUR CHIN LOSING ITS GRIP ON YOUTH?

Women who desire to retain their attractiveness find it advisable to replace lost teeth with bridgework or plates. Otherwise, hollows appear in their cheeks and telltale wrinkles and slack muscles spoil their appearance. The new, lightweight, gracefully designed transparent plates are difficult to detect and greatly increase the comfort of the wearer. Ask to see them at Dr. Parker's offices.

TRANSPARENT PLATES

made with the improved material all dentists use bring you these features:

1. Unfading natural color.
2. Permanent natural form.
3. Time-tested balance.
4. A crystal-clear palate that reflects mouth tissues.
5. Greater natural resemblance.

NEW TRANSLUCENT TEETH CLOSELY MATCH YOUR OWN

Science has perfected artificial teeth in the hue and contours of your own teeth.

- A FORM FOR EVERY FACE.
- A SHADE FOR EVERY CASE.
- A SHAPE FOR EVERY COMPLEXION.

Let Us All Work Together.

We have a job that can be done only if we all work together. As Daniel Webster once said, Liberty Exists in Proportion to Wholesome Restraint... and now we have an opportunity to prove the truth of this statement. We must plan our daily lives with economy of time, energy and expenditure. We must buy only the things we need—and select only those that best serve our need. It means learning all we can about the value of merchandise—where to buy to best advantage—how to make things last as long as possible by good care.
