Four Camel Caravans... complete road shows for men in uniform

750 performances to 1,000,000 and more soldiers, sailors, marines, and coast guardsmen as this goes to press

July 31, 1941! That's when the Camel Caravans hit the road. And they've been at it ever since: four performances a day in some camps to audiences of 15,000 to 20,000.

Yes, it seems you can't find a military scene anywhere without Camels in the picture... cigarette or show. Or both. And both seem to have won top rating with the men in all the services. According to applause and letters from morale officers, the shows are a "smash hit!" And according to sales records, the cigarette is a "smash hit," too. The top-ranking favorite in P.X.'s and Canteens.

STEADY NERVES... that's the order of the hour. Whether you man a gun or a machine... whether you sit a jouncing jeep or knit a sweater... you'll appreciate Camels more than ever these days. They have the mildness that counts!

Important to Steady Smokers:

THE SMOKE OF **CAMELS** contains **LESS NICOTINE** than that of the 4 other largest-selling brands tested—less than any of them—according to independent scientific tests of the smoke itself!

ARMY CAMPS write: "...Express to you thanks for splendid entertainment by the Camel Caravan... production was excellent... Very happy experience to find a 'soldier' show that did not 'play down' to its audience."

Thank you, gentlemen, it was a pleasure and a privilege!

SURE, free cigarettes, as well as a free show, are part of the fun when one of those 4 big Camel Caravans rolls into camp. Camel's famous full, rich flavor, coolness, and extra mildness also "take a bow."

Eligo! A British bomber scores a direct hit on an enemy ship somewhere at sea. Pieces of cargo fly high into the air as the entire center section of the ship seems to disintegrate under the bull's-eye hit of the R. A. F. bomber.
